

# Special Chamber meeting

The Halton Hills Chamber of Commerce has announced an open house meeting at the Chamber

Office to discuss the concerns of the businesses affected by the Guelph Street construction. It will

be held this Thursday at 8:30 a.m.

Town of Halton Hills Mayor Russ Miller and manager of engineering services, Mr. Peter Linn, P. Eng., along with the Chamber executive will be in attendance.

## Fishermen's club honored by CVCA

Sheldon Seale and Ted Armstrong accepted the 1993 Conservation Award of Distinction on behalf of The Izaak Walton Fly Fishermen's Club at a ceremony Nov. 18 at the Credit Valley Conservation Authority.

"The club has been involved in the watershed for years and their work is very much appreciated," said Authority Chairman Harold Kennedy.

"Club members have volunteered many hours of time teaching the art and science of fly fishing to young and old alike, said Awards Committee Chairman David Culham. They have spent countless hours working to improve fish habitat at numerous sites throughout the watershed."

The club has also made funds available from its own sources to make many habitat enhancement and research projects on the Credit River possible, and

championed the interests of the natural environment in the watershed by monitoring and providing input into development projects.

"This is the kind of participation we really value," said Acting General Manager Ken Owen. Community stewardship of our natural resources is essential if we want to sustain or improve the Credit River for future generations. It's a community resource and the community must get involved."

Nominees for the 1993 award included Don Gordon of Brampton and Doug Follett of Erin and committee members from two study groups looking at the Paper Mill Dam and a strategy for Conservation Areas in the watershed.

### Tooth Chatter

by  
ALEX  
TRENTON,  
Denture therapist

### A LETTER TO SANTA

Dear Santa:  
I have been an extra, extra good boy all year! This year I need to ask you for something very special! I really need a new set of dentures!

"All I want for Christmas is some new false teeth!" You see, I went to visit my denture therapist last week, as I do every year, for my yearly check up. My dentures have become loose and are causing me discomfort. Whenever I eat, food gets under my plate and causes me pain. My upper denture often falls down while I'm talking. How embarrassing! Not to mention my annoying "floating" lower denture. Santa don't be mad at me, but my lower teeth have been sitting in my bottom drawer all week. I just can't wear them.

Alex explained to me that gums constantly shrink, and therefore in time causes dentures to become loose and illfitting. Also, I told him how it takes me twice as long to chew my food as it used to. He told me this was because the teeth on my denture have become dull, and therefore unable to cut through the food like they should. He also said that my bite was "off", meaning my jaw was not coming together properly when I bite down. He said this could be the reason I've been having so many headaches. Apparently illfitting dentures could be the cause of many health problems.

We have both decided that if I'm going to enjoy my turkey dinner this Christmas that I am definitely going to have to have a new set of dentures!

Thanks, Santa!

Your buddy, George.

P.S. If you have any question regarding dentures, don't hesitate to contact our office.
