St. John's United Church Christmas House Tour - December 4th, 10 a.m. to 4 p.m.

The Committee has been very fortunate in obtaining the services of several area interior designers to prepare the seven homes on the Tour.

Isabel Cruise and Jane Hoddinott have once again combined their talents to decorate the Jickling and Leverette homes.

Isabel is a graduate of the Sheridan College Interior Design program and formed her own company "Interiors" in 1986 specializing in residential and commercial design. After the '91 House Tour, Jane decided to study floral design and recently formed her company

"Jane's Design Studio" specializing in bridal consultations and floral art.

Jeanette Dodson has been in the interior design business for approximately three years. She is also a graduate of Sheridan College and loves the excitement of decorating a home according to the lifestyles of each owner. Jeanette has always had a passion for flowers and some of her arrangements can be seen at North Halton Golf Club as well as at the Mills' home which she will be decorating for Christmas.

Michael C. Wong is one of the more visible retailers on

Main Street in Georgetown and can often be seen working outside of his Connoisseur's Court store. He has been an interior decorator and design consultant for 10 years and specializes in residential, commercial and wedding design. Michael has donated a great deal of his time to the House Tour working on preparing the Hallett home as well as his own home.

Jody Rea lived in Georgetown for 15 years and now resides in the Brampton area. She has been an interior designer for 14 years, graduating from the Sheridan College Interior Design Program in 1979. Jody works primarily in residential design and has clients in Oakville, Mississauga, Toronto and Georgetown. She will be putting her talents to work in the Earl residence, preparing the home for Christmas.

After graduation from Sheridan College, Norma Muir decided to open her own business 14 years ago. Since that time, she has been involved in all facets of the business including total renovation of stone farmhouses, new and older homes around the area, commercial projects and, most recently, the North Halton Golf Club in Georgetown. Norma is looking forward to decorating the Corney home for your viewing pleasure.

We hope you will feel the warmth and spirit of Christmas that these designers have created as you tour each home. For more information, call Gloria Sinclair, 877-6323 or Julie Green, 873-7741.

THE TRUST

The Downtown Brain Trust recently held their regular meeting to cover worthy and non-worthy news items.

The Trust "Show Biz" commentator was on his feet immediately. He commenced his remarks by saying "How about that Michael Jackson?" No member comment. "How about those work-out pictures of Princess Di?" No member comment. "How about that Loni and Burt?" No member comment. He struggled on - "Did you hear that Roseanne is getting her weight down to 135 lbs. and has already signed a deal to pose in the nude for Playboy?" The full membership then quickly passed a four word motion as follows "...Now, that is scary!"

On the Ontario scene, a member made note of the most recent tribulations of Premier Bob. Like the day Premier Bob announced the 180 million dollar trade centre expansion - and the next day Ontario Hydro announced the cancellation of 300 million dollars in new construction. He guessed it was just a matter of poor timing for the Premier. The member followed up by telling all white males to take heart. The Ontario Government has reversed its announced hiring policies and will now entertain their job applications. You would think that after all this time in office, some of Premier Bob's knuckle head ministers would finally try to steer clear of the self destruct button. A Trust member commented that some of Bob's helpers were working harder on nails for

their coffin, than working on solid planks for the platform for the coming election.

On the Federal front, a Trust member noted that things were pretty quiet. No outlandish new policy announced by a cabinet minister. No weird new plan announced to spend money. No patronage appointments. It was reported that political observers are almost stunned speechless by the straight forward manner of the new P.M.

How about a real shocker! The new P.M. has not announced a complete renovation of the residence at 24 Sussex Drive. The latest report says that only a few rooms are to be decorated. Unheard of!

The Trust membership did note that Mr. Chretien still has one major piece of house cleaning to be performed. The Governor of the Bank of Canada must go. His policies are one of the major reasons that Canada's depression is as long and as deep as it is. These mis-directed actions must not be rewarded with a renewed employment contract. Turn his fate over to Sheila and out with him!

As reported to me, the Trust Chairman noted that members were concerned over the shortage of dumb things coming out of Ottawa. The Chairman assured them that sufficient stupid political things would come up to keep them laughing and busy. He said, "there are things in the mill - even as we speak." "It was ever thus!"
