Start Thinking About RRSPs

By Andrew Mackenzie, B.B.A.

The holiday season is upon us. I love this time of year and in that spirit I would like to wish all of you a Merry Christmas.

At this time of year, most of us are thinking about spending money, rather than saving it. I fall into this category along with the rest of you. Christmas does offer opportunities, it is a great time of year to take some time and consider your plans for the new year, including your finances.

The end of the year is an opportune time to set your goals for the coming year.

What do you want to do and achieve? For many people, RRSPs are an important part of their financial plan. Now is a great time to decide how much you want to contribute.

The planning process is essential to meeting your goals. Planning for your RRSP contribution offers a number of alternatives.

For instance, money you receive as a gift is one way to finance your contribution. Another idea is the RRSP loan. This offers many benefits. If you have already contributed to RRSPs and you

get a loan for half of that amount, your tax return will pay for the loan.

Remember the planning process and you can achieve all your goals. Again, I wish you all a Merry Christmas.

If you have any questions regarding planning your RRSP contribution or any other financial planning concerns, Andrew can be reached at 877-5495 or at Investors Group at 450-1500.
