Building staff boosted

Contracts have been extended and positions have been opened to help Town of Halton Hills building staff process incoming permits and sort through the backlog of past permits which had local builders and contractors up in arms at the end of August.

A. Daniel Mitta, currently a contract building inspector for the town, has been appointed contract plans examiner until Dec. 31, 1995.

Applications for Mitta's former position were accepted until yesterday. "There's been a great response," said Henry Tse, municipal director of building code and By-law enforcement.

Eugene A. Callegari has been re-appointed as building inspector until Mar. 31, 1995.

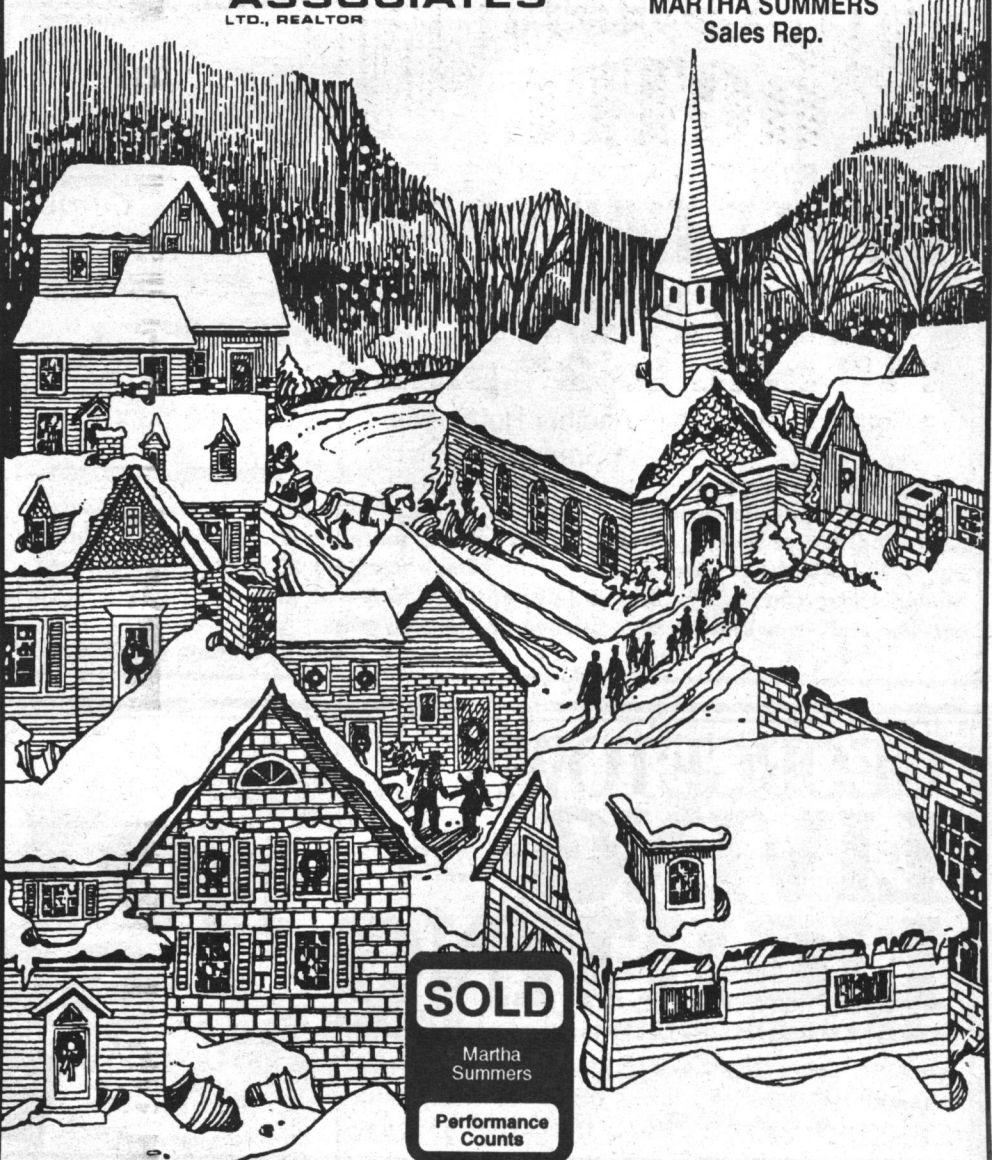

Wayne Pratt, currently municipal plumbing inspector, will be promoted to building mechanical services inspector, a new title which will entail heating, ventilation and plumbing inspections.
