MCKENZIE-SMITH SCHOOL NEWS

BY MATT SCHILLER, SHANNAN
INGLIS & SHAWN BROWN

Band at McKenzie-Smith

This year at McKenzie-Smith as in other years there is a concert and jazz band. This year both bands are made up of mostly Grade 7s.

There are about 20 members in the jazz band and about 45 members in the concert band.

The instruments we play are: flute, clarinet, bass clarinet, alto and tenor saxophone, trumpet, drum set, french horn, trombone, euphonium and baby tuba.

The jazz band plays: trumpet, saxophone, trombone, drum set, keyboard and piano.

Miss Burr is our wonderful director. The concert band practices Tuesday and Thursday at lunch and the jazz band Wednesday after school and Friday at lunch. This year both bands are looking forward to a trip to perform at Canada's Wonderland on May 31. We wish them luck!!!!

Ice Rink

The Town has made an ice rink for McKenzie-Smith and the surrounding area. The rink is smaller than a regular hockey rink but the students here don't care.

Kids are on the rink everyday. You can play hockey, figure skate or just skate.

So if you want to see it or even try it out, just come down to the back of McKenzie-Smith.

Computers

At our school the computers are used mostly for school work and some fun. Mr. Travis said that the computers have a lot of advantages such as writing stories, research, fast for projects and so on.

Igloos for Acton?

BY FRANCES NIBLOCK

Acton residents may soon have a drop-off spot for their recyclables.

Acton councillor Rick Bonnette has asked Halton staff to investigate putting so-called Igloos, large recycling containers, in Acton.

"I suggested that staff look at three possible locations including the Acton works yard north of the railway tracks, near the agricultural barn in Prospect Park and the sewage treatment plant on Churchill Road south," Bonnette ex-

plained in an interview Saturday.

Currently rural Acton residents do not get Blue Box pickup and must take their recyclables to a private company depot in Georgetown, or the new Milton landfill site.

"Now that they've switched to bi-weekly Blue Box pickup I've had calls from people who say they've got too much recyclable material to store for the two weeks. If this depot opens, they could use it to handle anything that won't fit in their Blue Box," Bonnette said.

M.Z. BENNETT SCHOOL NEWS

BY LUCAS GREEN &
MATTHEW VIRGIN

This has been a busy week at M.Z. Bennett. Mr. Shrubsole's class started a Valentine post office for the whole school.

Mrs. Bannerman's class is starting a Canada unit. The Grade 3s are starting speeches.

Mrs. Spencer's class is learning

about Canada. They are working in pairs and are researching the capital cities of Canada and also learning about Natives.

Mr. Mashinter's class made an Indian dream-catcher and several students will be saying their speeches this week.

Mrs. Graham's class is writing three to five minute speeches and went to Crawford Lake to start a Canada unit. Grade 3-4-5s went downhill skiing on Feb. 11.

HOMEPLAN OF THE WEEK!

PLAN NO. U-780

Family Home Has Master on the Main

Having the master bedroom on the main floor has become a popular design feature because it ensures privacy and eliminates the need for a cumbersome climb up the stairs.

This stylish two-storey boasts many other features.

An angled front entrance and a corner bay window provide an attractive look from the side as well as the front, making this home suitable for a corner lot. At just over 36 feet wide, it would also fit on a variety of narrow lots.

Low square footage is used efficiently to create a spacious and comfortable living environment. Enter into a good-sized foyer. To the left, the living room features a cosy fireplace, and a large corner bay window which provides plenty of natural light. A pocket door separates the living room from a gourmet kitchen complete with a work island and a handy breakfast bar. The family room, open to the kitchen, provides an area for friends to gather. A large carousel nook takes the

place of the more traditionally formal dining room.

Two bedrooms upstairs share a three-piece bath, and a small den which would make an ideal study or computer room. The master bedroom downstairs features a walk-in closet and a three-piece ensuite with a soaker tub.

Plans for U-780 may be obtained for \$335 for a package of five complete sets of working prints and \$29 for each additional set of the same plan. Allow \$15 extra to cover the cost of postage and handling. All Canadian residents add seven per cent GST to plan total plus postage and handling.

This is one of our new designs. Many innovative plans are now available in our NEW Two Storey plan catalogue for \$13.85 including postage and handling and GST.

Please make all cheques, money orders and Visa or MasterCard authorizations payable to: The Acton Tanner Home of the Week, P.O. Box 150, Acton, Ontario, L7J 1G8.
