

Acton Men's dart league McCallum bags three in playoff win not just for avid players

BY DOUG HARRISON

Men's Industrial Dart League players Lloyd Rhynold, Shaun Warwick and Jack Feenstra all shot perfect 180 scores during action last Tuesday at the Legion. Two of them are first year players.

So who said you had to be the consummate dart enthusiast to go and join the Acton league?

"You don't have to be a professional or a member of the Legion to play," began Acton Men's Industrial Dart League president, Rod Leech.

Leech, in fact, will be heading to the District Championships in Hamilton on March 13. This was

made possible by winning the singles, doubles (with wife Barbara) and team categories in the dart competition held in Bronte two weeks ago.

"First year players are put into a flight according to their abilities. It's not really a competitive league. It's just a good night out."

Men's action runs every Tuesday evening, while the Ladies compete each Wednesday. As well, teams are formed from a draft system and not assembled by four perennial players joining forces to tilt the competition level.

"No one runs away with (the championship)," said Leech. "Everyone has a good time. There's a mixed blind draw (to form teams) every second Friday. You come as a couple, draw and then play."

The Men's league, which consists of 10 teams (up from eight last year) with six players each, has their own team shirt that is paid for by the league. However, Leach added, the league does have to address some areas.

"We want to get 12 (teams) next year. Three years ago we were down in the dumps but we're getting better," mentioned Leech, who added the league, which runs from September through April, needs more sponsors for the 1993-94 campaign. Guelph's Classic Custom Coach Works is currently the lone sponsor.

All dart fanatics, brace yourselves.

Dennis Priestley, the No. 1-rated dart player in the world out of England, will be in the area at the end of May. Leech is hoping to land his services for an appearance in Acton.

Stay tuned.
