THE WRATH OF GRAPES

WITH DON CHERRY

Donald S. Cherry for P.M.!

At the urging of millions of people, I've decided to throw my hat into the ring for the P.C. Party. It is time the right wing people are represented and the people who pay the piper are going to start calling the tune. The honest, hard-working guys and gals are sick and tired of paying the freight for cheaters, people who don't want to work and make a living at cheating on every hand-out from the government. People like myself don't mind helping the sick and disabled and those who can't work who really need assistance, and I know what it's like to be unemployed.

In the early seventies I worked eight hours a day and the guy handed me 16 bucks. That's right, two dollars an hour, and I had to supply my own transportation! I had no pension, no health benefits, no trade skills, no education and no job or prospects, but I did have two kids to feed and clothe.

So, I feel for the guy who can't get a job and God love ya, but for the slime balls who sit at home collecting pogy and welfare who laugh at the rules and regulations with no intentions of looking for a job ... LOOK-OUT!! Attila The Hun is here and your days of loafing are over.

Here's my platform:

1. Anybody caught cheating with welfare will be forced to watch 10 hours of a Swedish-Finnish hockey game. (I know this is cruel and unusual punishment, but we must stop this welfare fraud!)

2. Declare war on any country that steals our fish from Newfoundland. Touch one cod in our water and your boat will be seized and you'll have to deal with Capt. Bob Probert.

3. Bring back the Death Penalty! By "hanging," of course, so we save some money on electricity and also by using the rope over and over. Environmentally friendly, too.

4. For every French sign in Ontario, one English sign must go up in Quebec.

5. Set up a fund to send anybody who lands in Canada without a passport (so they can live off the country free as a refugee — living quarters, food, OHIP, etc., all on the poor backs of the taxpayer for five years until the crowded courts get to them ... And by then they might have had 10 kids) OUT! This fund would pay the expense of putting them back on a slow boat to where they came from.

6. Finally, I have a confession to make. (Like my learned Honourable opponents in the P.M. race did when they confessed to smoking a joint, and inhaling, too.) I, Donald S. Cherry, in my past, have on occasion, had the odd pint, and must sorrowfully admit swallowing too!
