

**Seniors Scene**

With Pat Giguere

their salaries could go to pay off the deficit and then Canada would belong to us instead of the United States, Japan and all those other countries who have loaned Canada money.

\*\*\*  
To get to more pleasant thoughts, there's a trip to Clarenceville Manor in Quebec from Sept. 21 to 24 for \$445 per person/twin. 'Twill be a medieval adventure with the

manor situated on the scenic shores of Lake Champlain with the gorgeous Green Mountains of Vermont off in the distance.

There will be a boat cruise on the Richelieu River and a visit to

Fort Lennox. Come along and receive a right royal welcome ... the food is out of this world. Give me a call at 853-2738 for brochure and let me know you'll come along for a fun-filled four days.

**Let's make our sidewalks safe**

On May 5, Constable Bill in his weekly column "Spring Bicycle Safety" told us there is a by-law which states "no person shall drive a bicycle along any sidewalk" and a breach of these by-laws can result in a fine of \$55 for each offence. He also stressed that a bicycle is a vehicle and must be ridden on the right side of the road, and in his article of May 12 he set out bicycle rules of the road.

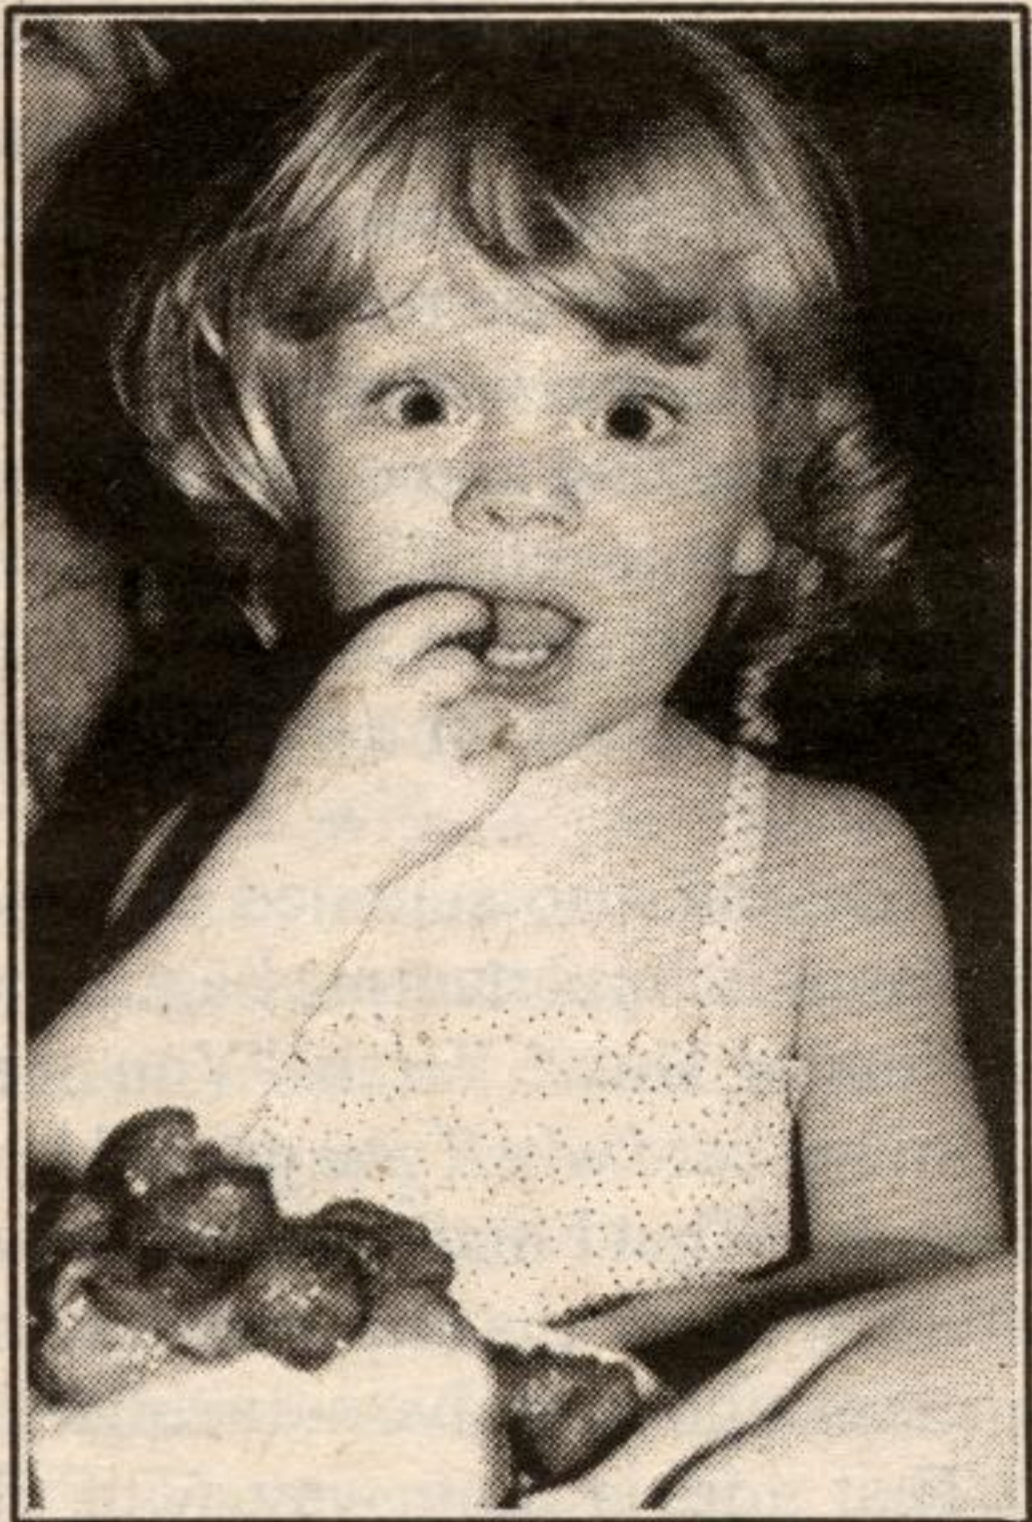

It's just too bad the by-law isn't enforced more as I'm sick and tired of having a bicycle practically run me down from behind or having to get out of the way of one approaching, and they seem to believe you are the one who must move.

Went for a walk one night last week and got pretty provoked after having to move over so that four bicycles could pass. Needless to say I told them they weren't supposed to ride their bikes on the sidewalk, but I may as well have saved my breath. Let's put that by-law into effect, increase our town coffers and also make it safe for people to walk on the sidewalks.

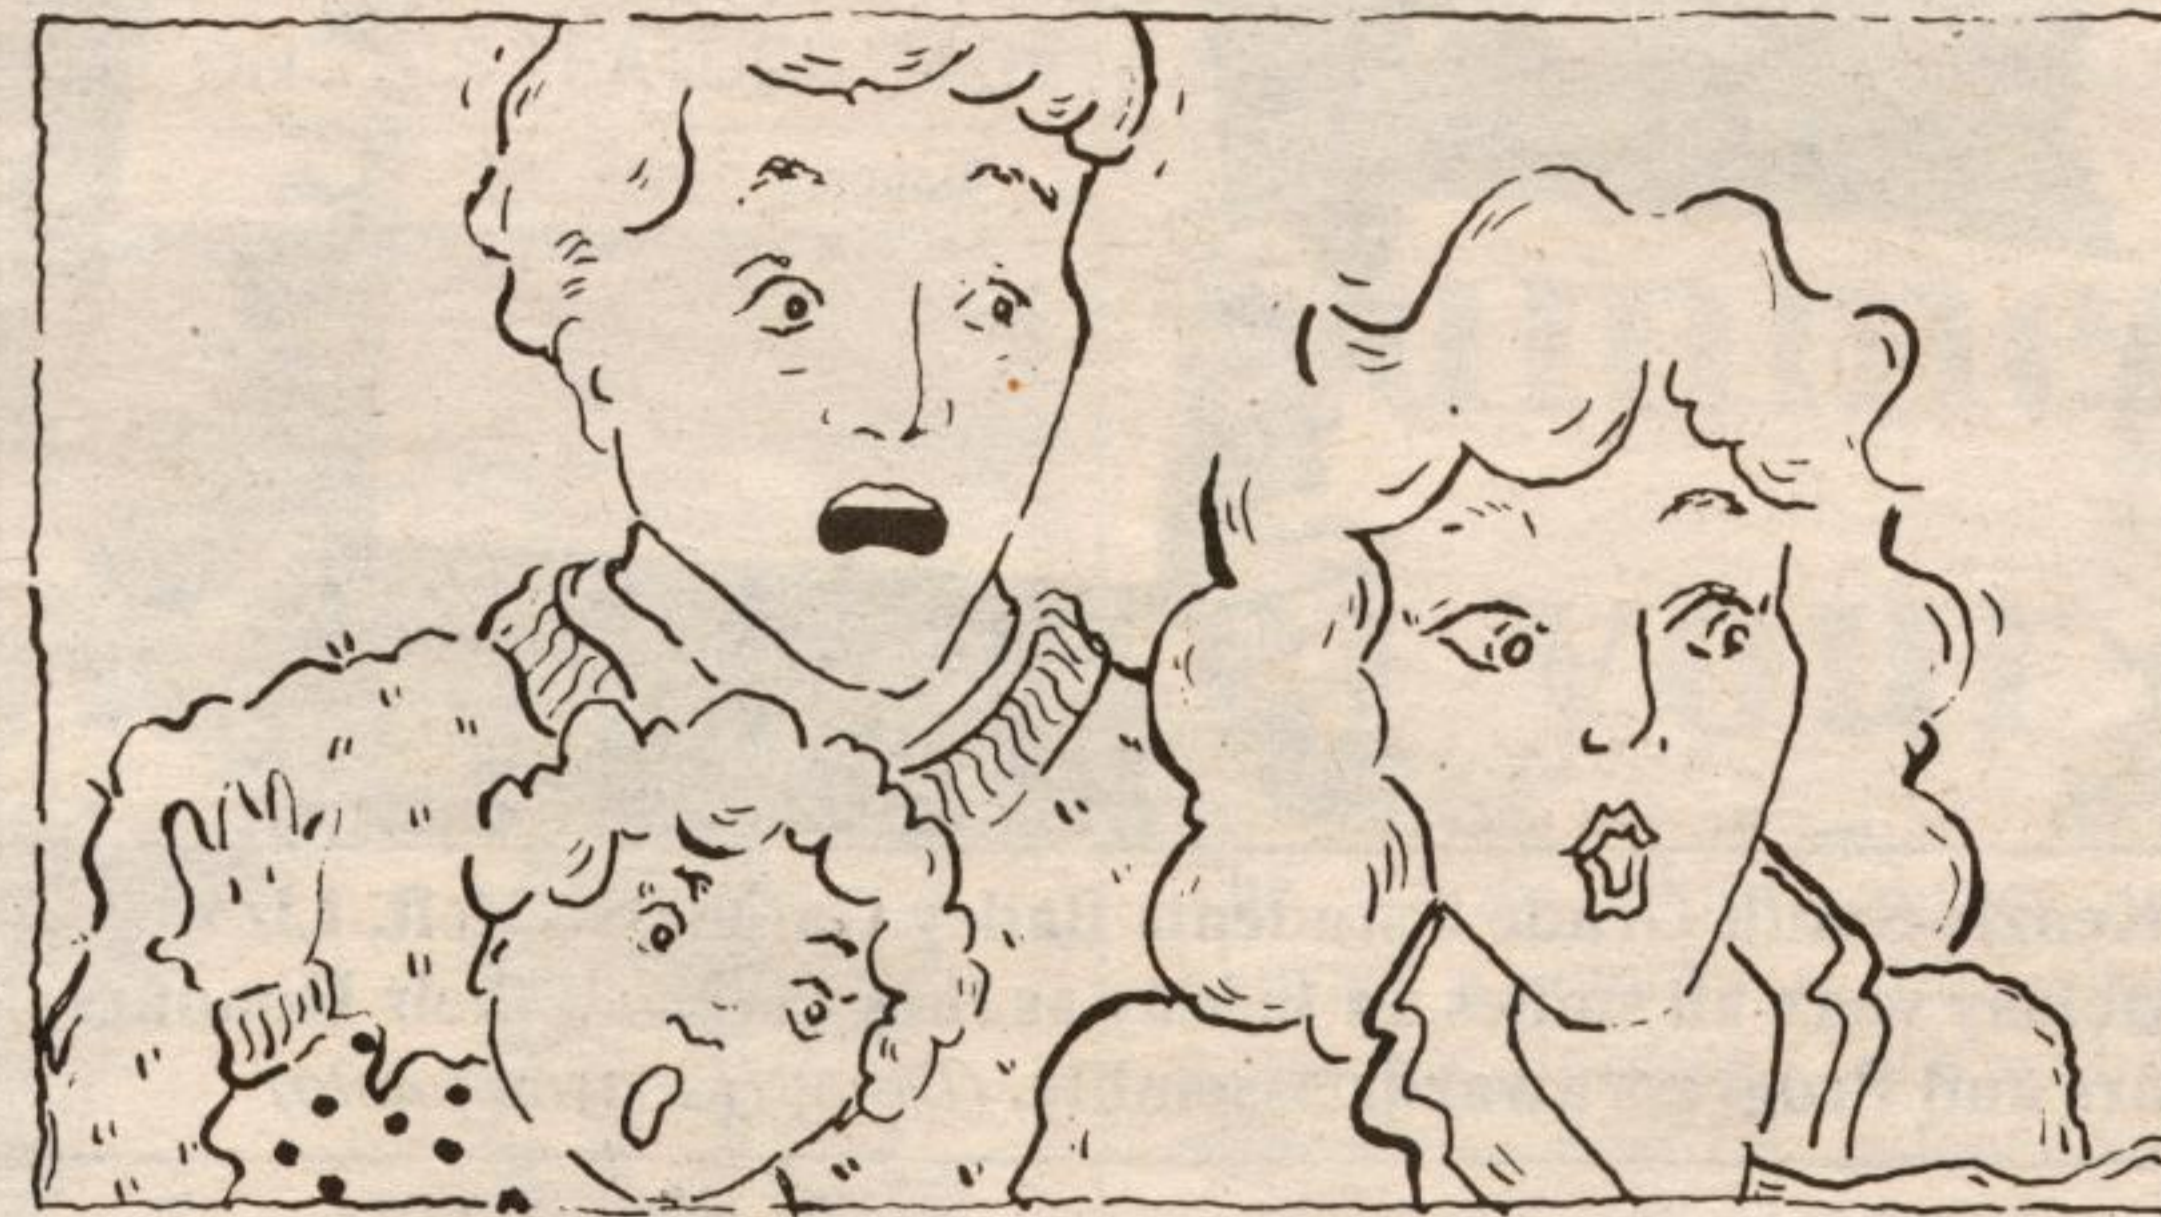

\*\*\*

Doesn't your heart bleed for those under-worked and under-paid senators? Imagine them getting paid \$86,000 for sitting on their butts discussing a bill which has already been passed in the Legislature and which becomes law just because they approve it.

I think we could do without those poor underpaid senators and

Melissa Chapman, 2, thought the berries looked great at the Acton Baptist Church's Strawberry Social Saturday. (Wendy Long photo)

**Watch your mail closely for...  
the NO SURPRISES PAYMENT PLAN**

It's the smart, safe and easy way to pay your hydro/water bills... and avoid "big" seasonal bills!

It's coming! It's the NO SURPRISES PAYMENT PLAN and it's a simple, pre-authorized method designed to put you in charge of your bills...

- Your hydro bill stays the same all year round - no more of those big bills falling due during peak seasons.
- You'll know, in advance, the amount of your hydro/water bill each month.
- Save time. You won't need to write any more cheques to Halton Hills Hydro.
- Save money. You'll never have to pay late charges again.

Here's how it works...

1. Check your mail for a letter including a monthly payment figure which will REMAIN THE SAME over 11 equal monthly payments for the next year.
2. Complete the form to pre-authorize these equal monthly deductions from your chequing account... and return the application card along with a blank, unsigned cheque marked "VOID".

We'll take care of the rest!

No more stamps. No more mislaid statements. No more big seasonal bills. NO SURPRISES!
