Crime prevention up to you
Here's more about Operation Identification, the effective program introduced in last week's column.
Last issue I told you that you can borrow the engraver at our Acton office. You can also pick up some stickers and decals.
What number do you use?
We recommend you select a personal identification mark such as a driver's licence number. Businesses, schools and other organizations can contact local police to obtain a special identification number.
Remember — there are other citizens waiting for you to return the engraver, so please be considerate ... complete your marking and return the engraver within the loan agreement time.
I can provide you with a checklist of items usually stolen from homes or businesses. Too often police recover property which cannot be identified, and it ends up in the police auction. Don't let it be yours.
Crime Prevention — it's up to you!

Constable Riddle's Corner is a weekly feature brought to you by the community-minded businesses surrounding this column. We urge you to strengthen local industry and trade by supporting these businesses.
