THANK YOU.

Thanks to you, the recycling of newspapers in Ontario has reached an astonishing 75% recovery rate among households with Blue Box service. How much is that? Quite simply, more than a quarter of a million tonnes of newspapers were kept out of garbage dumps in 1992, which already exceeds the provincial and national targets set for the year 2000. These old newspapers would fill 35,000 garbage trucks, a bumper-to-bumper convoy that would stretch from Toronto to Kingston. Most importantly, newspaper recycling reduces landfill dumping costs and our need for new and expanded dump sites.

Recycling newspapers and flyer inserts is a real Ontario success story. Congratulations for your part.
