

Shevalier reaches 100 points in 2 of 3 OHL years

BY DOUG HARRISON

The Acton Tanner

Jeff Shevalier finished his Ontario Hockey League (OHL) regular season career on Friday with 101 points, reaching the century mark for the second straight season.

A satisfying year for the North Bay Centennials centre and Acton Sabre product, who finished 12 points shy of last year's 59-goal, 54-assist effort.

"You have to be satisfied," he quipped on Sunday. "I was playing a more defensive role on the third line this year and that's a lot of points for that line. I also did some penalty killing and played the power play (11 PP goals)."

Shevalier, 19, said he will be a member of the National Hockey League's Los Angeles Kings next year or with Phoenix of the International Hockey League.

He expects to sign a contract with the Kings at the end of this year's playoffs.

Shevalier didn't let the change in roles hurt his team or his own performance. His 52 goals were fifth in the OHL and he finished fifth with nine game-winning goals.

"It gave me another outlook on the game. That's the role the team gave me and that's the way I'm going to play," Shevalier remarked.

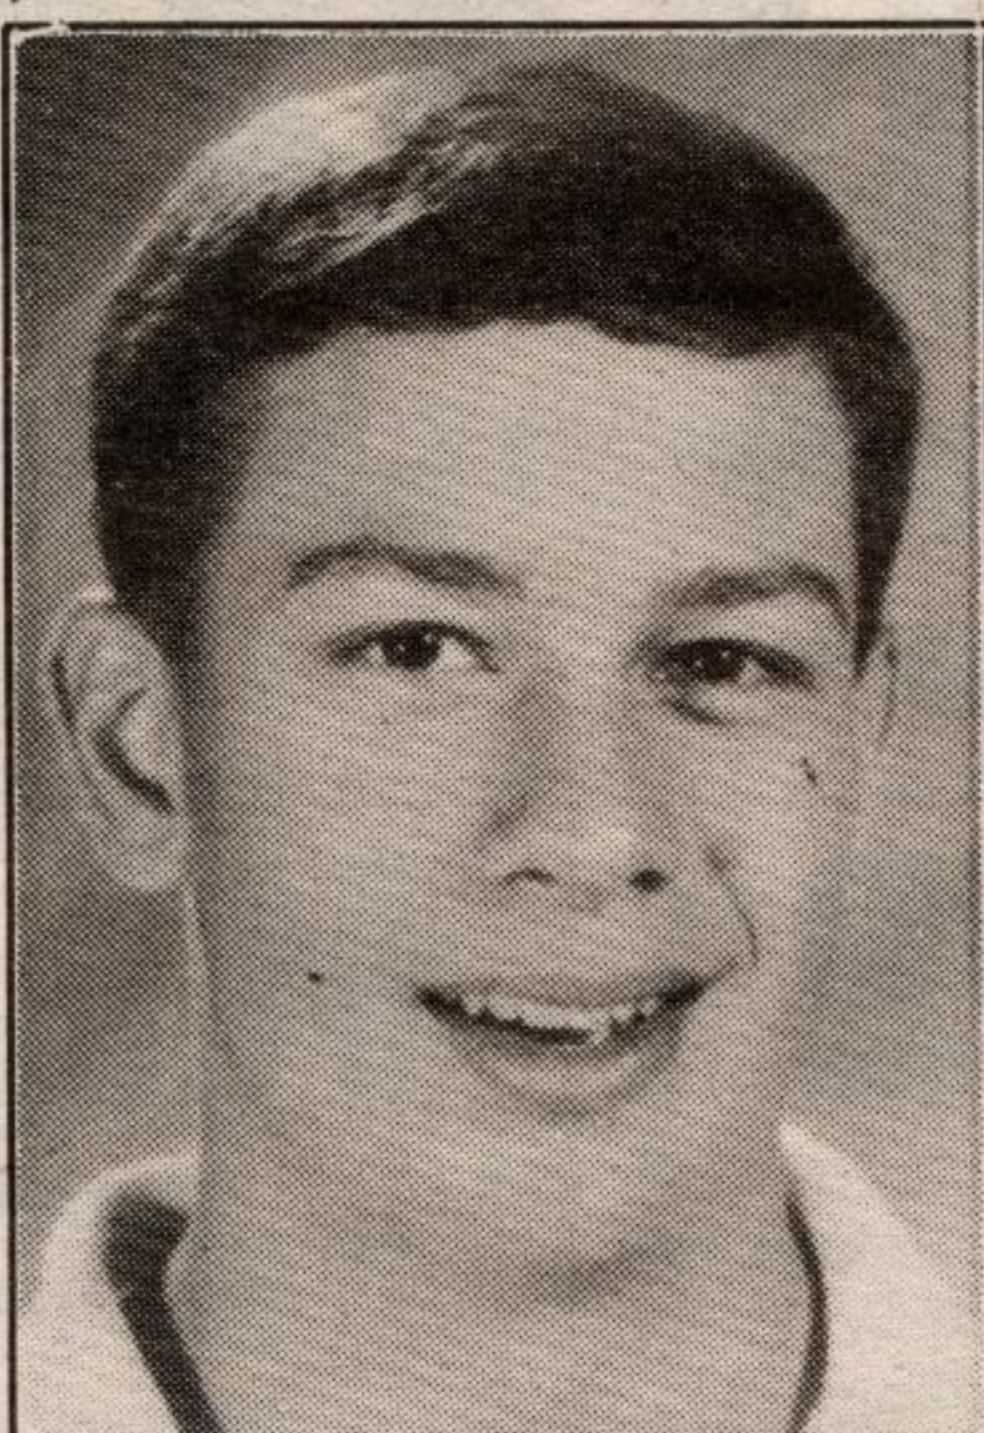

"It shows I can play the check-

ing line and defensively. It was a big change this year. I used to be pure offence and didn't come back (to the defensive zone) much."

Being part of a winning team made the transition that much easier.

"The team was closer on and off the ice and it's great to win," said Shevalier, who helped the Centennials to a first-place finish in the Leyden Division with a 46-15-5 record. The

Cens receive a bye in the first-round of the playoffs.

JEFF SHEVALIER

In his three years, Shevalier collected 271 points (139 goals and 132 assists) and was selected as a third team All-Star right winger in the 1992-93 season.

"I definitely accomplished more than I thought I would. When I was drafted (seventh round, 109th overall in 1991) I thought I would be in Jr. C for the next five years. Everything was a bonus after the first year, he said."

Shevalier's OHL highlights include advancing to the '92 divisional finals against the Sault Ste. Marie Greyhounds, getting drafted

by the Kings (fifth round, 111th overall in 1992) and going to their first training camp.
