## M.Z. BENNETT NEWS

BY JESSICA CRAIG & PATRICIA BISHOP

This week Mr. Shrubsole's class had Mr. Green come in and talk to the Kindergarten students about firefighters.

Mrs. Mattell's and Ms. Dunnet's classes are doing insect research projects. The author of the month is Lois Ehlert. They will be having an Open House to show their projects to everyone.

Mrs. Bannerman's and Mrs. Spencer's and Miss Lawson's classes showed their science experiments to the other classes and parents last Friday. They were extremely well done and the students knew their material.

Some of Mr. Mashinter's students shared their computer projects at McKenzie-Smith. In math they are doing transformations and they are doing slides and turns and flipped images.

Mrs. Graham's class is doing research projects and Paired Novel Studies. In math they are doing Pentominoes and working with the volume of Nets. They are beginning to practice for track and field.

**School News:** Our new V.P., Mrs. Clark, visited us on Friday.

Amelie Barens broke her wrist and was very brave about it. We wonder what kind of a cast she will return to school with.

The Grade 5s visited McKenzie-Smith Middle School on Monday. Pizza Day is today (Wednesday).

# HOMEPLAN OF THE WEEK!

UPPER FLOOR PLAN 1302 SQ. FT.

Plan No. U-728-2  
**2683 SQ.FT.**

MAIN FLOOR PLAN 1381.0 SQ. FT.

**Altered version of bestselling plan proves to be a winner**

An overwhelming response made plan number U-728 our number one selling design of the early '90s. This altered version of that plan shows four finished bedrooms instead of three and a curved staircase rather than an angled staircase — modifications that have kept it in step with current trends, ensuring its popularity for years to come.

Enter through double doors into a spacious foyer brightened by an overhead window. A sunken living room features a fashionable vaulted ceiling. A partial wall separates diners from the living room. Sliding pocket doors close off the dining room from the noisy hustle bustle of the kitchen. The cook in the family will enjoy the gourmet kitchen complete with plenty of cupboard and counter space, a pantry and a handy work island. From the charming bayed out breakfast nook, one can look down into a large sunken family room. Windows along the rear provide natural light. The den, set apart from the main traffic areas, would make an ideal home office or study room.

A curved staircase leads to a deluxe bedroom area with the potential for five bedrooms. The master is deluxe, featuring a walk-in closet and a five piece ensuite with double sinks and a raised soaker tub.

An unfinished basement awaits your own creative touch. Plans for U-728-2 may be obtained for \$475 for a package of five complete sets of working prints and \$45 for each additional set of the same plan. Allow \$15 extra to cover the cost of postage and handling (all Canadian residents add 7 per cent GST to plan total plus postage and handling.)

This is one of our new designs. Many innovative plans are now available in our new 30th edition plan catalogue for \$13.85 including postage and handling and 7 per cent GST. Please make all cheques, money orders and Visa or MasterCard authorizations payable to The Acton Tanner Home of the Week, P.O. Box 150, Acton, Ont. L7J 1G8.
