

Devil's Night vandals set four Acton fires

Volunteer fire fighters were kept busy with four separate "Devil's Night" fire calls Sunday evening.

At 7:30 pm Sunday the fire department was called to a fire set on the walkway between Acton Boulevard and Rosemary Road. Fire fighters extinguished the blaze, which was set inside a backyard hedge and soon moved to a nearby fence. Total damage is estimated at \$500.

At 10:23 Sunday night a group of teens were witnessed setting fire to a bag of leaves at the corner of Willow Street and St. Alban's Drive. This blaze was extinguished

by a resident by the time the fire department was able to respond.

Soon after that, at 10:33 pm, a car was set on fire. According to the Halton Hills Fire Department, the vehicle, which was parked on John Street, had its tires set on fire. Some \$1,000 damage was done to the 1981 Pontiac.

The last of four fire-related incidents occurred at 11:04 pm, when a second car, parked on Commerce Court, had its tires set ablaze. An estimated \$100 damage was done to the 1986 Mazda.

Last year there were no fire calls on Devil's Night

Elliott wants inquiry

Acton Councillor Norm Elliott has called for an investigation into what he called "very disturbing" allegations that Halton Region has deluded and misled members of the Public Liaison Committee (PLC), studying water supply options for Georgetown.

Last week PLC member and municipal candidate Mike Foley questioned Council's integrity for not holding a referendum on the

water supply issue and also said that the Region had misled members of the PLC.

Elliott, chair of the committee that questions candidates wanting to sit on committees like the PLC, called Foley's comments a "very serious criticism of a very important process."

"If the concerns are legitimate then something has to happen," Elliott said.
