

Happy 100 days!

M.Z. BENNETT NEWS

BY SHAWN PRENTICE, JOEL SAVARD & HAYLEY GREEN

Valentine's Day has just passed and March Break is just around the corner. Everyone is very much looking forward to a good rest.

The Kindergartens had a wonderful Valentine's Day, making cookies, placemats and mailboxes for their cards. Kindergartens also went skating last week, and visited McKenzie-Smith to hear the band. Band members took time to explain about the instruments and allowed some students to try them.

Grades 1-2 celebrated the 100th day of school. They made necklaces with 100 pieces of cereal on them. They drew pictures of how they think they will look when

they are 100 years old. Students also went skating last week, and have just started a games club.

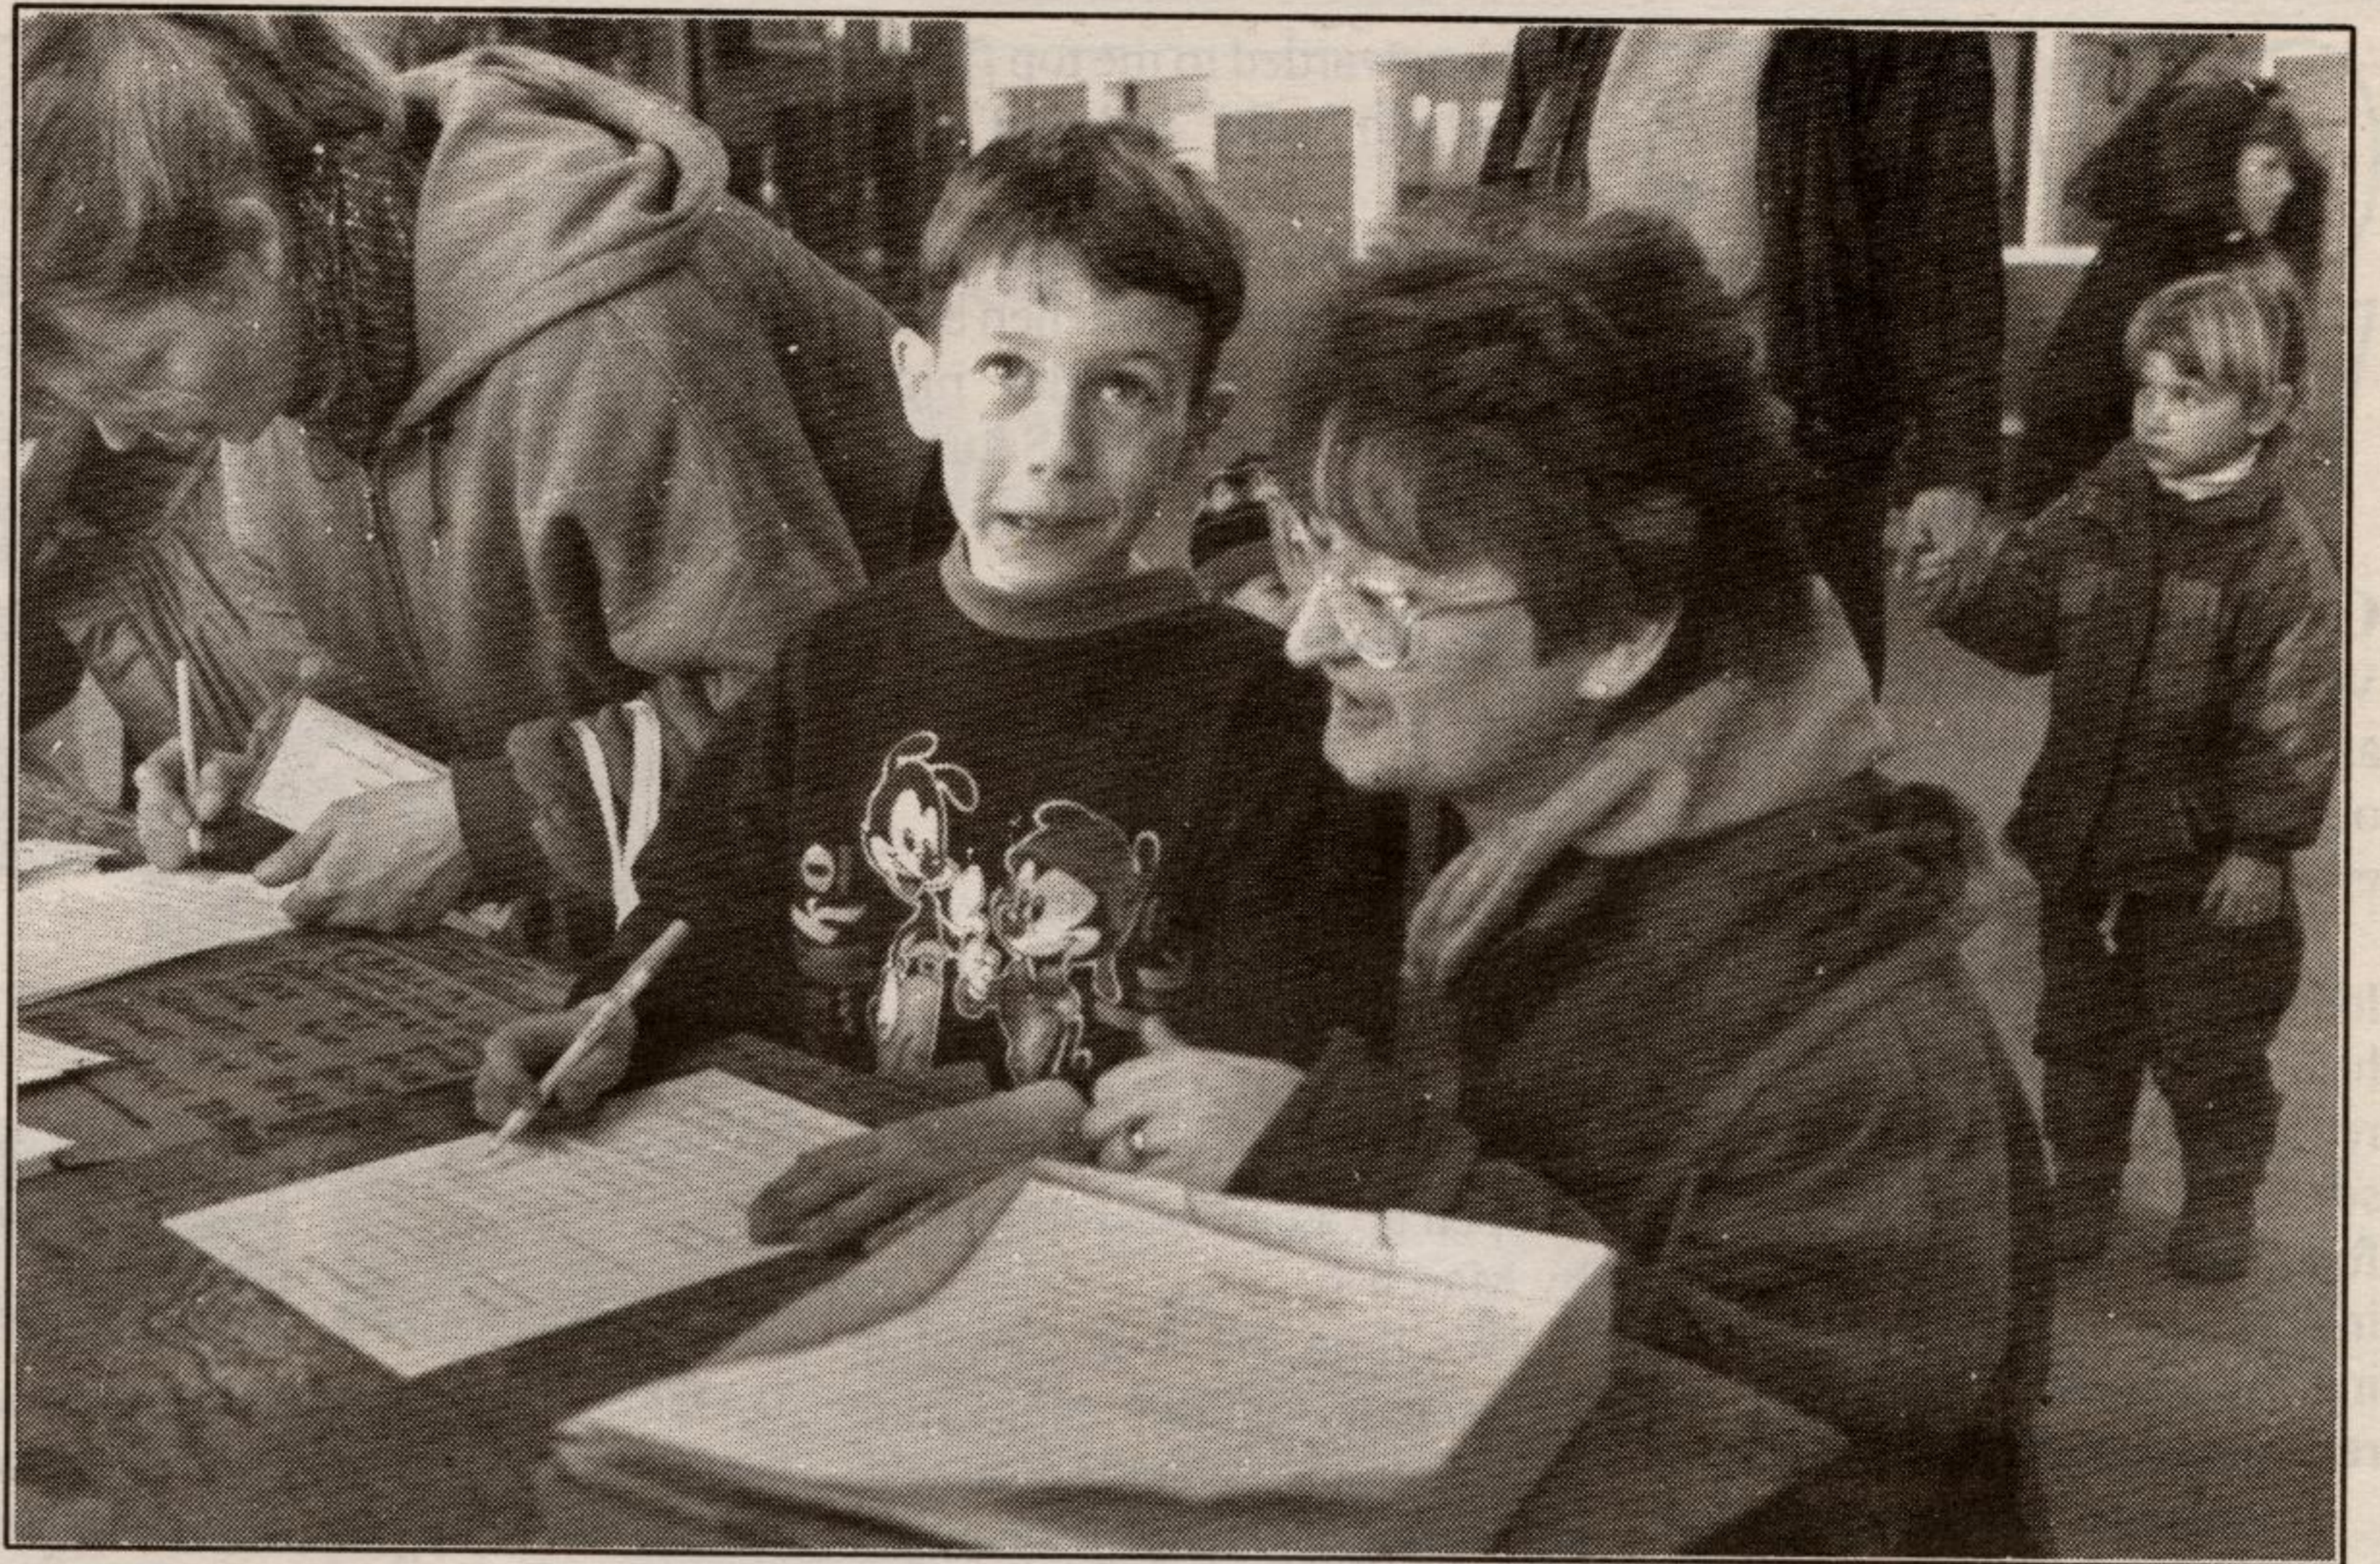

Grade 2-3 classes have finished learning about simple machines. They are now in the planning stages of castle construction, which will include some of the simple machines they have just studied.

Grades 4-5 made robots on the computer and are making up stories about them. Their first winter sports day was last Tuesday, where students went downhill skiing, cross-country skiing or skating at the arena. Speeches will begin this week for Grade 4-5 students also.

Hamilton Place was a very exciting outing for the whole school last Thursday. It took four buses to get everyone there. What a great opportunity for students to hear and see a live orchestra. Mr. Mashinter spent the last little while teaching students about the different instruments we'd see in the orchestra. We would like to thank all the parents who helped us with our winter sports day and our trip to Hamilton Place. We could not have gone without you!

Last week we interviewed Mr. Logan, our principal. Mr. Logan is proud to be the principal of both M.Z. and McKenzie-Smith. He likes all music except jazz. He was born in England, moving to Canada when he was a teenager.

Mr. Logan has three children. He enjoys playing basketball and baseball, and is qualified to pilot a plane! He now lives in Campbellville. He wouldn't tell us how old he was — just that "he's as old as his tongue and older than his teeth."

SIGN-UP! Christopher Richard, 6, pauses for thought at the arena Saturday as he fills out an Acton Minor Baseball registration form to play Grasshoppers T-ball this summer. Mom Sharon overlooked the proceedings. This is Christopher's second year of ball. (Eve Martin photo)

Science fair winners

ST. JOSEPH'S NEWS

Our annual Science Fair was held last Wednesday. Grade 7 and 8 students participated in the event, and the results are as follows:

In the biology category, first place went to Jessica Vitale, second place to Jason Christopher and Nicky Scappin, third place to Amy Vanden Hoek, with an honourable mention to Patricia Wiscombe.

In the behavioural science category, first place winners were Ellen McGrath and Amber

Valente, second place was Mary Pat O'Meara, and third place was Jason King.

Winners of the physical science division were: first, Reuben Rivers and Chris Lee; second, Crystal Thompson; third, Jason Doyle; with honourable mention going to Monique Hawkins and Harmony Williams.

And finally, in the applied science category, winners were: first, Ryan Figueiredo; second, Rick Raju and Jakob Witkor; third, David Albano; honourable mention, Ryan Young.

Welcome to our 'Special Friends'

ROBERT LITTLE NEWS

BY ANDREA DINGWALL, AIDEN STANLEY, TORIN DOPPELT & GALEN KERR

Recently in Mrs. Clevely's class, Tai Kwon Do teacher Scott Anderson gave everybody a good workout in the gym. They did sprints and push-ups and a very challenging game.

The rules of the game were to stay on your toes in a squatting position. The object was to knock the other person over by hitting their palms with your hands.

Mrs. Clevely's class is working on Canada. They labelled maps with the provinces, territories and their capital cities. They watched a movie about Ottawa and had two puzzles of Canada. Did you know that the Territories don't have their own government? They depend on the federal government.

For the rest of the school year we will have McKenzie-Smith students come in and do activities with our students. They had four months of training where they learned to solve problems. After that they are called Special Friends, and were assigned to different schools. We are glad that we can have them with us at Robert Little.

Robert Little's two volleyball teams have been playing really well. We've had games with George Kennedy and M.Z. Bennett. Congratulations to the girls who won or tied all of their games.

Here is the answer to last week's problem: Bob was on third base and the masked man was the catcher.

CONSTABLE RIDDLE'S CORNER

WITH VILLAGE CONSTABLE
BILL RIDDLE

From your Village Constable...

Please place these important numbers by your telephone.

9-1-1: is to be used for emergency, life threatening situations which require emergency response from POLICE, FIRE, AMBULANCE. Also, for use when a SERIOUS CRIMINAL OFFENCE IS IN PROGRESS.

853-2111: is to be used for calls for service which require a response within a short period of time, or for those calls which do require immediate attention.

853-2050: is to be used to reach the village constable, for low priority calls (service call) i.e. wilful damage, fraud cheque, thefts not in process, etc. Also, this phone number should be used for questions and concerns about your community. Please note, the village constable's phone is sometimes answered by an answering machine. By leaving a message for the village constable, your problem can be responded to by an officer who works in your community on a continual basis. He will return your call, and an appointment can be made which is mutually convenient.
