What's your top summer sport?

ROBERT LITTLE NEWS

BY ANDREA DINGWALL & AIDEN STANLEY

This week we interviewed people to find out their favourite summer sport. Keirsten Duncanson (Grade 1) likes baseball the best. The thing she likes the most is hitting home runs and the rule she dislikes most is when somebody is still on the base in front of you and you can't run until they do.

Erin Koebel's (Grade 5) favourite sport is soccer. She always tries her best and has fun. She does not like the rule about not lifting your foot on throw-ins, when the ball goes out of bounds. She has played soccer for three years.

Mitchell Tulk (Grade 4) likes basketball, even though he is not

very good at it, or so he says. To play better, Mitchell remembers two things: psych-out the opponent and shoot for the net. He would like to play on a team, but doesn't like to practice.

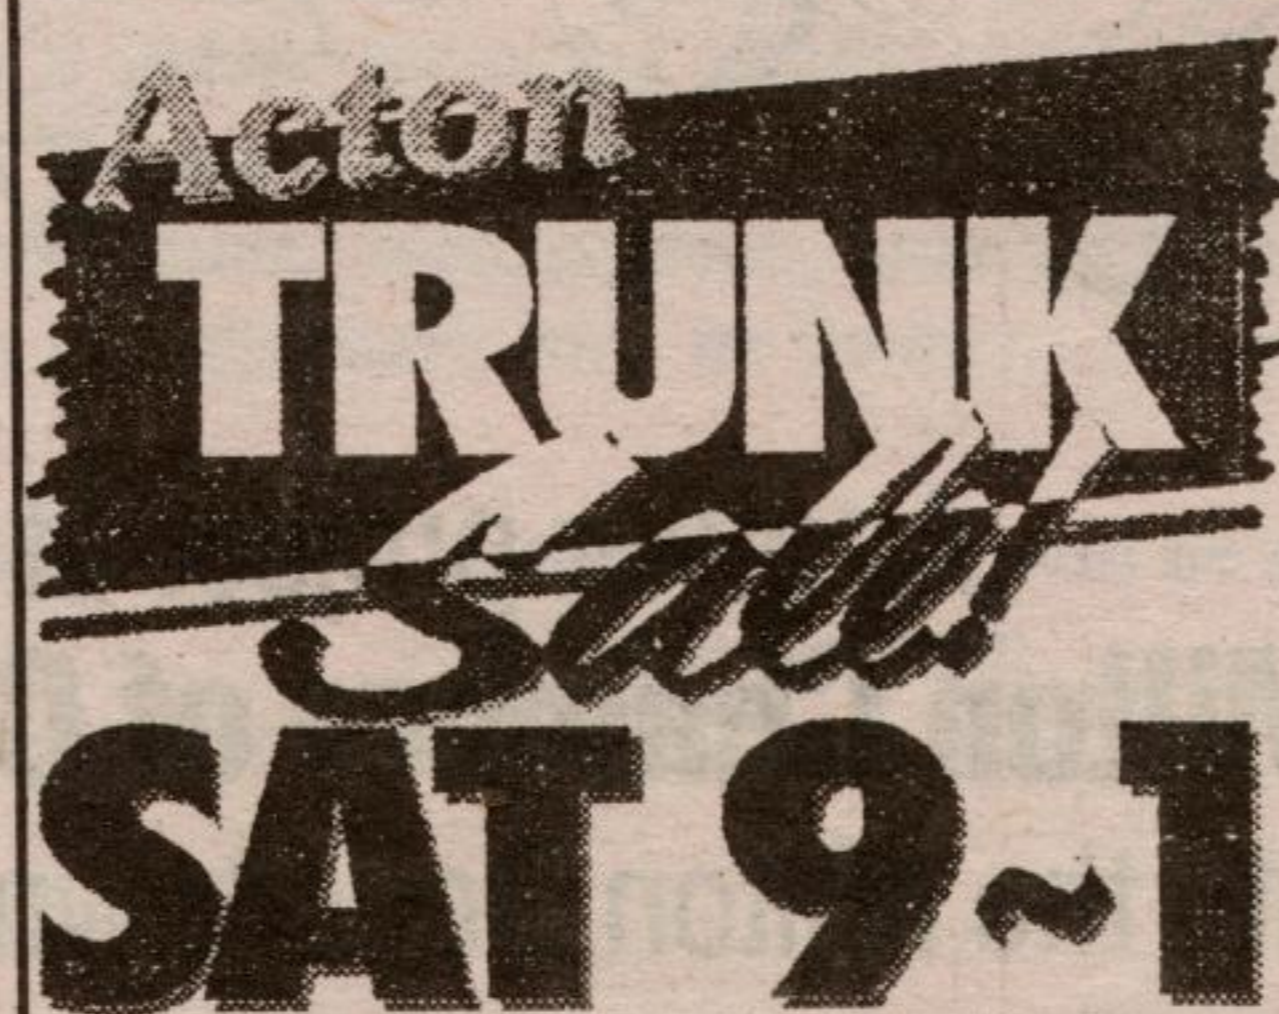

A group of Grade 4s has been doing a novel study, *Mystery at Cranberry Farm*. The story is about three kids who visit their Aunt Daisy on Cranberry Farm. Their aunt tells them about some books that are worth millions, and they find clues to unlock the mystery of where the books are.

The books were made specially for a doll house library and each one of them was written in the author's own handwriting. They belonged to Rose Cranberry, and before she died she thought someone else might sell them for the

money, so she hid them.

We're not going to tell you the ending — you'll have to read it!

There is a question we've been meaning to ask you: Why did the turkey cross the road? Because it was the chicken's day off!

EVERY SATURDAY MORNING until September 30!
