

GONE FISHING!

If you're a local fishing enthusiast, you probably already know that the banks of Fairy Lake have been unusually busy this summer. Above, Eric Gallant and Ronnie Karr spent a few hours last Sunday fishing along Mill Street, while Paul Withers and Matt Nadon try their luck from a boat in the middle of the lake. Swimmers haven't been as numerous, although Halton Region staff's most recent tests show that bacteria counts are still low enough to swim along the "old" beach. However the new (boathouse) beach tests did reveal dangerously high E.coli counts. (Eve Martin photo)

For the best in beauty and hair care ...

Sun, saltwater and outdoor living are the best aspects of summer. But the joys of summer life are also the culprits that can rob your hair of body, shine and softness. And active living can take its toll on your body, too. Do yourself a favour and visit one of the local shops listed below - because it's a great time for a hair and beauty boost!

You can find it all at...
