# FIGARO, FIGARO CAR OF THE YEAR Y'KNOW

*“By Paver Auty”*

**WOW! Our Minivans voted Car of the Year.** The first time this award has been given to a vehicle other than a passenger car. Not only by Motor Trend, but by the (AJAC), The Automobile Journalists Association of Canada. These people are the top 50 independent observers of our industry. Four days of extensive testing in what has been described as the most rigorous & objective evaluation of its kind in this world. Motor Trend editors said the **Chrysler Minivan** is ready and able to compete at virtually every price & equipment level in a class where the competition is fierce. *“You might call this Minivan one of the best driving, highest utility, most thoughtfully designed and most stylish family cars of 1996.”*

Now this is all fine & dandy but we at Georgetown Chrysler Jeep realize that it is difficult to relate skid pads to Highway 7 and lateral G-force to the likelihood of spilling coffee on the way to work. So as much as our '96 Vans are respected by race car drivers, your opinion is what matters to us. We invite you to come in & determine for yourself why the **1996 Chrysler Minivan** is Car of the Year for 1996 & beyond.
