

NEW CLASSMATES: Elizabeth Wolfer, 10, and Natalie LaForest, 9, hold baby quails Baldwin and Quintin. Five quail eggs were incubated for more than two weeks in the St. Joseph's students class, with two hatching on April 12. (Karen Wetmore photo)

Spring projects all around

ST. JOSEPH'S NEWS

BY MARCUS DAGENAIS
Signs of spring are popping up everywhere here at St. Joe's! Mr. Morris' class is doing projects on "Rare Rhyming Animals." They are also busy working on their very mysterious Mothers Day crafts. They assure me they are going to be great!

Mrs. Barrett's and Mrs.

Sammit's classes are also in the swing of spring with their "Signs of New Life" animals they are creating.

Mrs. Robert's Grade 1s and 2s had a visit from a real artist. He showed them how exciting it is to be an artist and they all tried their hands at it!

The Grade 1 to 6 classes will be walking to Prospect Park next Monday to partici-

pate in the Laidlaw Earth Academy's Trash Bash Day. The students will be provided with plastic gloves and bags to pick up garbage and make the place a little neater. Tim Horton's will be there to provide snacks to all hard working volunteers. A sign will be posted at Prospect Park to show that St. Joseph's students have cleaned the park for Earth Day.

Junior choir performs well

ROBERT LITTLE NEWS

BY SAM MILLS & TROY ETHIER
Congratulations to our Junior Choir on their wonderful performance at Hamilton Place last week.

At our school assembly, Mrs. Tribe told everyone how proud she was of the students from Robert Little. They sang

well and had perfect behaviour. Thank you for your hard work Mrs. Tribe.

The chicks have finally hatched in the Kindergarten room. We talked to Erica Mills and Jacob Loewen about what they are doing about chicks.

They are doing activities on chicks, they read a book about them and are learning how to keep them warm and how to take care of them.

The chicks are fluffy and white. They are under a heat lamp and eat a special kind of food called chick starter.

Mr. Hynds had great things to say over the announcements about the boys volleyball tournament last week. He commented that we have a large number of great players and that the tournament was fun. He also thanked Mrs. Burt and Mrs. Colton for all their help.

Parents' night, science fair soon

ACTON HIGH NEWS

BY JOYCE BRADLEY
Come to the Acton High musical this Thursday, Friday and Saturday at 7:30 pm. Audrey, Seymour and the dentist are waiting for you! Audrey Two, the monstrous plant, has many surprises!

Congratulations...to Jamie Birrell for winning the Halton Computer Assisted Design (CAD) competition, which gave him the right to compete in the Ontario Skills Olympics in Hamilton last Thursday.

• To Sarah Austin for being chosen to represent Acton High School at the Halton Student Excellence night. Sarah was chosen for her high

academic standing, her contribution to school activities and her involvement in the community through the Girl Guide movement.

• To Norbert Axtmann for winning a Prime Minister's Award for excellence in teaching in science, mathematics and technology. We were pleased to have Julian Reed, our Member of Parliament, present the award.

Coming Events: April 23, Wednesday - 6:30 pm: Parents' night begins in the cafetorium, followed by individual interviews to review progress up to midterm.

May 7, Tuesday - 7:30 pm: The Parent Advisory Council's agenda will include looking at the Board's budget

decisions.

May 7, Tuesday: Science students will be displaying their research projects in the afternoon and early evening, and will be judged by members of the community. To be a judge, contact Paul Tamblyn. No experience with judging or science is necessary.

May 8, Wednesday - 7 pm: Music, fashion show and art exhibits will be part of the

second Arts night in Acton.

A sad note
We have all been concerned about Valerie Farrell, who is still in hospital in serious condition. The students have made cards that they have given to the Farrells and she is in our thoughts every day. If you would like to know how you can help, call Angie Kukkonen, receptionist at the school, at 853-2920.

CONSTABLE RIDDLE'S CORNER

WITH VILLAGE CONSTABLE
BILL RIDDLE

How does it work?

(Continued from last week ...) By developing new relationships with the law-abiding people in a community, we can allow them a greater voice in setting local police priorities and involving them in efforts to improve the overall quality of life in their individual neighbourhoods.

This practice redirects the emphasis of police work from handling random calls to solving community problems.

The Community Policing philosophy is expressed in an organizational strategy that allows police agencies to put theory into practice. This requires releasing some patrol officers from the isolation of the patrol car and the incessant demands of the police radio, so that these officers can maintain direct, face-to-face contact with people in the same geographic area every day. More next week ...
