

# Check out all door-to-door companies' backgrounds

The Better Business Bureau of South Central Ontario is urging extreme caution when dealing with some door-to-door paving/sealing companies.

Most of these companies have a "519" phone numbers but no addresses listed on their contracts and some even list false addresses.

The Better Business Bureau suggests when you are approached by any door-to-door solicitors that you first insist on a written estimate. Make sure that a street address is listed for the com-

pany as well as a detailed description of what work they will be doing, the total cost and a written warranty. You should not simply sign a contract with the first com-

pany that comes to your home. Get competing quotes and check the companies through your Better Business Bureau at 1-900-451-3815.
