

HURRY!! Girls on opposing relay teams shout encouragement to their teammates as they wait for their batons during a 4 x 80 metre relay race at the North Halton track and field championships, held last Wednesday at Acton High. (Karen Wetmore photo)

See you again in September!

M-S-B SCHOOL NEWS

BY LIBBY KELLER

As the 1995-96 year draws to a close, I figured I would give myself the privilege of writing the last entry for the school year. I realized that if I wanted to try and include all the recent events that have happened at the school, I would be writing about the year-end band trip to Wonderland, the Grade 8 trip to Toronto last week, the year-end track and field results, the Bowl-o-Rama winners' trip to Wonderland, the K to Grade 5 track and field day, the cycling club trip to Guelph Lake, the Grade 6 Rockwood trip, the Special Olympics, the wonderful donation from our parent group of 17 fans for the classrooms, not to mention the great things that everyone has been doing with their school programs.

I would have run over my 300 word limit, which I have certainly stretched many times throughout the year, and worst of all, I would not have room to express my thanks to all the people who have made this column possible this year.

First and foremost, my thanks goes to the great student writing team that made this column a reality each week. Andrea Adams, Chrissy Goldrick and Kim Lindsay were the eager reporters who hounded teachers every Thursday for the week's news. They divided the workload, interviewed the people involved and then wrote their articles.

At this point my enthusiastic student editor Chris Rivers entered the scene, (usually Friday at lunch) and wrote up each of their news items so they flowed and made sense. He would also put in his little comments from time to time.

As soon as I finished bus duty every Friday night, all I had to do was the final edit (usually just a spell-check) and then fax the report to *The Tanner*. Without this team of students, the articles would not have been possible.

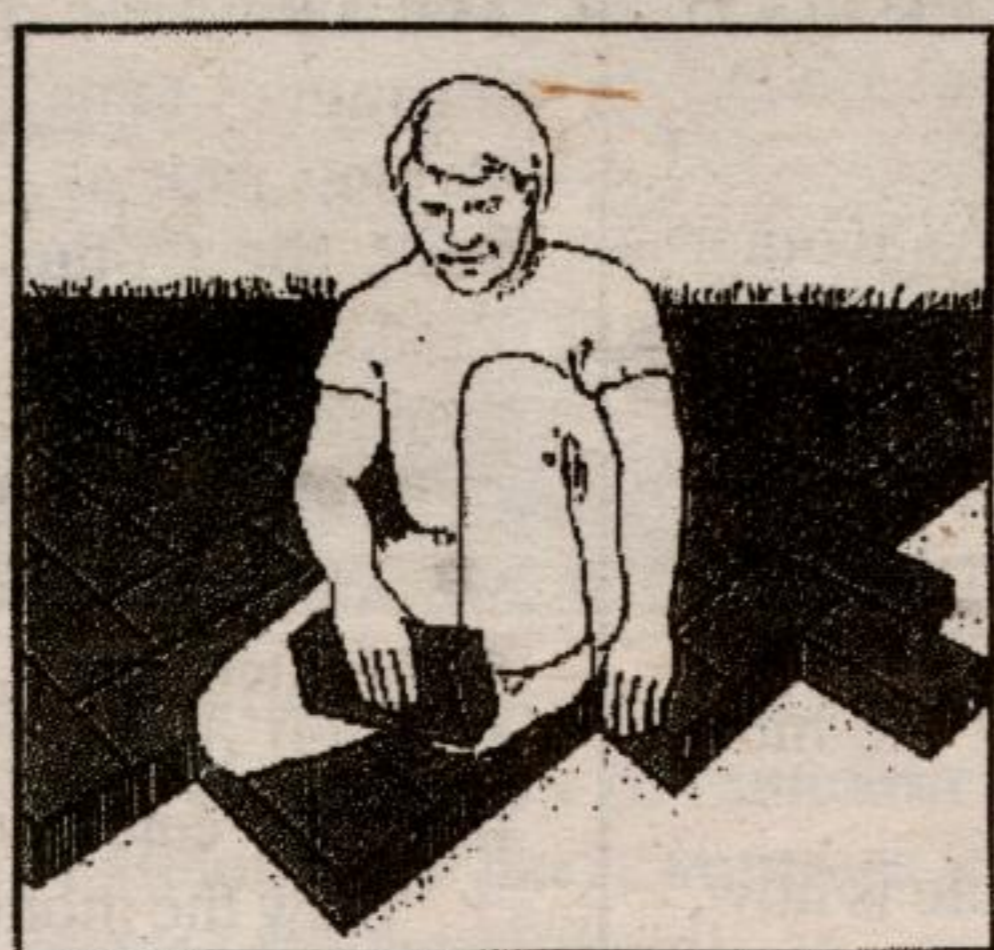

Another round of thanks does to all the staff who so patiently put up with the interruptions and provided us

with the necessary facts. I can't count the times that a staff member, walking through the staff room as I was putting on the finishing touches, would stop and add more valued information. This includes the staff at *The Tanner*, particularly the very talented Joanne Stevenson, who always helped us to say things just the right way!

Last, but certainly not least, a big thank you goes to all the students and members of our community who were our successes, our support, our enthusiastic contributors, our news!

To one and all, have a safe and happy summer break!

Legion celebrates Canada's birthday with music concert

LEGION NEWS

BY JOYCE BUCHANAN
Acting P.R.O., Branch 197
Wednesday's bridge had three tables with winners Dot Norton, Edna Nellis, Lil Cook and Marge Chase. Come on down for a fun afternoon.

There were 17 tables at

Thursday's euchre games. First winner was Liz Klimsiak, second was Jim McGilloway, third was George Presniak, and the hidden score winner was Herb Rowe.

Early bird winners of Saturday's meat draw were Gayle Jarrett and Ed Molody. Regular draw winners were E. Clayton, W. Taylor, Gail Garbutt (3), Gary Mitchell, A. Fraser, Neil Fulford, Kal Lysham and Eva Cutting. Large draw winner was Keith Andrews.

Too bad some of you missed the Beef Barbeque - some of you bought tickets but didn't show. A good time

was had by those who did come. The monkey golf had 48 people participating and stayed for the barbeque and entertainment.

Don't forget to make a date for July 1 - the band will be playing a concert at the Legion before the fireworks begin. If you come down you will have a grandstand view. There will also be hot dogs for sale.

Work is progressing on the seniors' building.

If there's anyone interested in writing this weekly column, please get in touch with president Frank Koen.

See you at the Branch.

St. Joe's is Earth School

ST. JOSEPH'S NEWS

St. Joseph's School has reached the ultimate goal in its quest for environmental excellence: Earth School status. This status was registered with the SEEDS foundation last month.

To celebrate this achievement, the school will hold an Earth School assembly on Sept. 20.
