

# Registry helps solve childcare

## ASSIC ALERT

Are you a childcare provider? Are you seeking childcare? Why not register with ASSIC's Childcare Registry? The Registry attempts to match people wanting to provide childcare with those seeking childcare.

Childcare providers can register with ASSIC by filling out an application form (and providing three references) and having a police check done. Screening providers and inspecting homes is the responsibility of the person seeking childcare.

Once providers are registered with ASSIC their names can be given out to those seeking childcare. We are presently looking for people to register as childcare provid-

ers. If you are interested in registering or would like more information, please call Cathy or Kim at ASSIC at 853-3310.

Starting a new support group, special interest group or social club in Halton Hills? ASSIC wants to know!

As a community information centre, ASSIC has information about community groups in our database, ready to give out to anyone who calls or drops by the office.

The database has a listing of contact people, meeting times, locations and descriptions of the services offered.

ASSIC is located at 19 Willow St. N., in Acton. Phone 853-3310 or fax 853-3530.
