Miltown Computer Services

It's not just a PC. It's an HP.

New in Canada, the HP Pavilion PC.

What makes this PC different from other computers is that all HP Pavilions are HP RealLife Imaging ready. This allows for plug-and-play with various HP printers and peripherals, products that have set the industry's standard for quality and reliability. The HP Pavilion line provides your family with a variety of options, from an affordable yet powerful entry level model, to a top end unit that has a built-in colour scanner. You'll be sure to find an HP Pavilion that will meet all your needs.
