Merna's Little Shop of Hair

853-3553

Hi. My name is Merna. I am a licensed hairstylist with 11 years experience in the business. I started working at home when my son was born, 3 1/2 years ago. My husband and I had built a shop in our home because I wanted to be able to devote more time to my child and yet still work as a hairstylist, a career I enjoy very much. I find it even more important now that we have two children. Also I find that a home shop has a more relaxed & friendly environment.

I have a full service hair salon specializing in cuts, perms, all types of braids and child hair care. My prices are geared towards the family budget. You get quality work for a reasonable fee.

I am a welcome wagon sponsor for new babies and participate in several local community activities. I hope to see you soon!

In a charming old house with a checkerboard porch there resides a wonderful little shop that defies description but we'll try. It is one small room filled with heretofore undreamed of accessories for children between four and eight years of age. No costumes these, only capes, crowns and wands - like nothing you have ever imagined - for kings and wizards and merry men...princesses, fairies and queens.

We also have the famous block crayons from Germany for small hands and, of course, the miraculous Hip Snuggler Baby Carrier that is surely (as all who have used it already know) celestially inspired. For grandmothers and parents, aunts, uncles, and friends who have a special birthday or holiday gift to buy for their young loved ones. Come by to browse and sit in the garden watching the bees (while you finish the ice cream cone you just bought next door at Heather's Big Scoop.)

We're at 16 Wilbur St. in Acton. See you soon!

BNR Towing

853-5848

Bert and Renate Nap and their employee Paul Snyder operate a 24 hr. towing business. Their 3 trucks (2 tow trucks and 1 TILT N LOAD) service the Acton, Georgetown and surrounding area for anyone who calls them. The phone is answered from their home and the trucks are dispatched accordingly. When you call you will not be answered by an answering service. You will always get a person who knows how long it will be until you get service.

The towing business has been in the family for 33 years. For the last 6 years they have been affiliated with CAA and the other auto clubs.

It gives us great satisfaction to be able to help people in their time of need, whether it be to rescue keys from a locked car, or provide fuel, give a battery boost or if need be tow it to the garage of your choice. So when you are stranded don't panic. Just call BNR Towing
