### The Industrial Group of Funds

Important information about this mutual fund is contained in the simplified prospectus. Investors should obtain a copy from their investment advisor and read it carefully before investing. The indicated rates of return to September 30, 1996 are the historical annual compounded total returns, including changes in unit value and reinvestment of all distributions, and do not take into account sales, redemption or optional charges payable by an investor which would have reduced returns. When purchasing mutual funds, investors should be aware that: • mutual fund investments are not guaranteed; • unit values and investment returns will fluctuate over time. Mackenzie has agreed to pay part of the cost of this advertisement.

PROTRAK ELECTRONICS VALUE ADDED SERVICE

*I've heard about PROTRAKS Value Added Service. How does it work?*

We are a relatively small shop, locally owned and operated but still competing for your business with the 'bigger-boys' in the adjoining towns. VAS is our edge. It's the services that we offer, at no extra charge, that is purely for the benefit of our very valued customers. Some folks have told us that "it sounds too good to be true", rest assured it is good and true. Here's a list of the services we are most proud to be offering to you...

**FREE PICK UP & DELIVERY AND SETUP.** Honestly, after you call us, we'll come right to your home or office to pick up the device. Whether you approve our estimate or not, we'll deliver it back to, set it up (yes we'll even set the clock!) and ensure you are added to our *satisfied customer list* before we leave.

**FREE, GUARANTEED ESTIMATES.** Once we've looked it over, we'll quote you a price. It's not really an estimate at all...it's an EXACT! The price we quote you is what it will cost you. Guaranteed. Our reputation depends on it. Again, if don't approve the estimate, we simply bring it back to you, no questions asked.

**LOW, LOW SHOP RATES.** A shop rate is the dollar cost per hour that a repair shop will charge you. Out of these charges the regular shops must pay for their overhead costs (store fronts, staff...). We can keep our shop rates extremely low because we don't have these costs to cover (remember- we're coming to you!).

Adding these all up the big winner is you. All you do is pick up the phone. Worry free, risk free. To find out more about our unique Value Added Service give us a call!
