

CAMPBELLVILLE COUNTRY NEWS

Published by the
Campbellville Area Business Association

What a Summer!!

We certainly can't complain about the weather. While traffic seems to be up this year (due to the weather?) sales are still lagging for many of us. Why? All the ingredients for successful tourist oriented sales are in place... what can we do to increase sales in the coming months? Your ideas, advice or suggestions are urgently required, please give some thought to creating a committee dedicated to promoting Campbellville and Area. The purpose of this committee would be to develop an advertising plan focused on reaching the consumer as opposed to the tourist. Bring your enthusiasm and ideas to the next general meeting!!!

The long awaited banners have arrived, they are scheduled to be erected on Monday, August 24th. Come and check them out!

Village News

Plans are well under way for our first annual Harvest Festival... this event will take place on October 3rd & 4th and will include music, food and fun! Keep these dates clear on your calendar and consider volunteering some time to help out; you will have a good time, we guarantee it!

We have just received word from Regional Councillor Barry Lee that the Region has approved our request for a traffic light at Guelph Line and Campbellville Road. The Region's budget committee must now decide whether they can fit the light into this year's budget or defer it until 1999.

Membership: 50 plus!!!

Collector's paradise

SPECIAL TO THE COMPASS

The Fall version of "Antiques At Aberfoyle" takes place inside the Community Centre in Aberfoyle on Sept. 26 & 27, 1998. Dealers from across Ontario bring with them an incredible selection of Antiques and Collectibles.

"Antiques At Aberfoyle" will feature Antiques guaranteed to turn ordinary houses into unique homes. Whether you require a special piece of furniture, table linens, goblets, sterling silver hollowware, primitive woodenware or decorative porcelain tablewares, you'll find it all here!

Fred Foster will be returning with his exquisite selection of Antique Clocks; he personally reconditions each one. This year Fred will once again be offering a repair, appraisal and identification service at the show. Fred is always interested in purchasing old clocks whether working or not, and parts too!

Sharing the lobby with Fred is Patty George Antiques, Canada's leading pressed glass specialists. Patty and husband Sean display over 500 different patterns of pressed glass goblets and always offer an outstanding selection of table serving pieces. Patty George is the publisher of Unitt's Goblet Books and Price Guide to Pressed Glass Goblets. Pick up a copy at the show.

Furniture is well represented in the booths of

Boszack Antiques, Old Is Beautiful, Valley Tiques, Mac's Tiques and Dale's Hollow. You'll find refinished mahogany and walnut including full dining and bedroom suites, and for the country furniture collector there will be refinished and original finish pine cupboards, tables, dressers and washstands.

There will be an incredible selection of Edwardian linen and lace presented by White On White. Victorian art and Depression Glass will be available in the booths of Falconhead Antiques and The Glasskeepers.

Kemp's Antiques will be on hand for those desiring estate and costume jewelry, primitives and tools. Quill and Quest Antiques will be on hand with a wonderful selection of antiquarian books. Out of the Attic Antiques will present a display of Victoriana and fine furniture.

Be sure to drop into Days Gone By and Bill and Wendies Antiques just down the street from the show. You will also find The Bavarian Antique Haus in Morriston worth a visit for imported furniture, clocks and smalls.

Don't forget the Aberfoyle Antique Market is open every Sunday. Aberfoyle is located on Brock Rd. #46 just one mile north of Hwy. 401 at exit 299.

For a great day of autumn collecting, just follow the yellow signs!

THE 85TH ANNUAL

SEPTEMBER 18,19, & 20, 1998

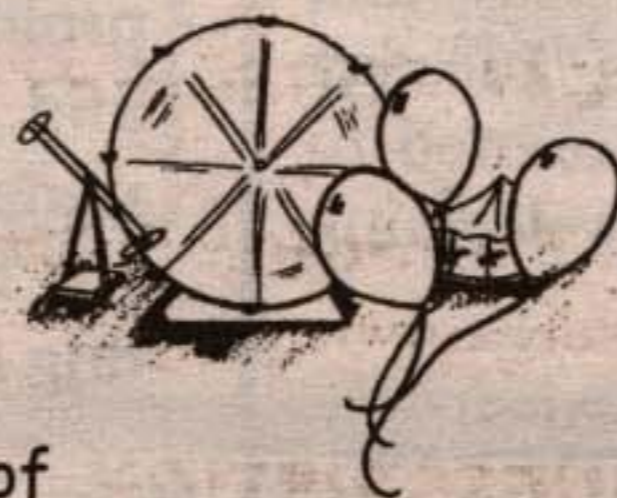

PROSPECT PARK, ACTON

~ Weekend Highlights ~

Thrill & Chills

Everyone loves the excitement of the midway and the Acton Fall Fair has one of the best! There are kiddie rides, adult rides and games of chance for all ages.

Truck and Tractor Pulls

When the track at the Fair reverberates with noise and dust, you know the 4X4 truck pull is under way! Or perhaps it's the Antique Tractor pull. There's always something exciting happening at the track!

Heavy Horse Pull

It's amazing to watch these magnificent animals in the Horse Pull competition - a combination of brute strength and training that allows the handlers to coax the animals to perform.

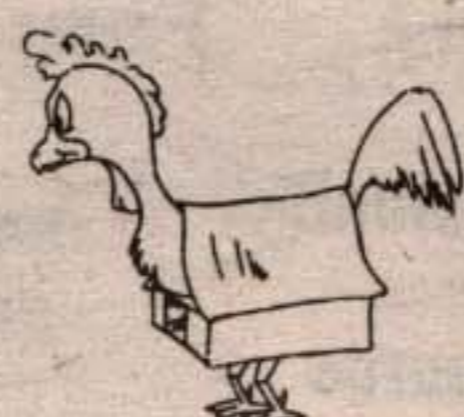

Baby Show

Moms and Dads, Aunts, Uncles and grandparents come from far and wide to see the Baby show at the Acton Fall Fair! Children don't have to be from Acton to enter, just pick up an entry form at the Fair and register.

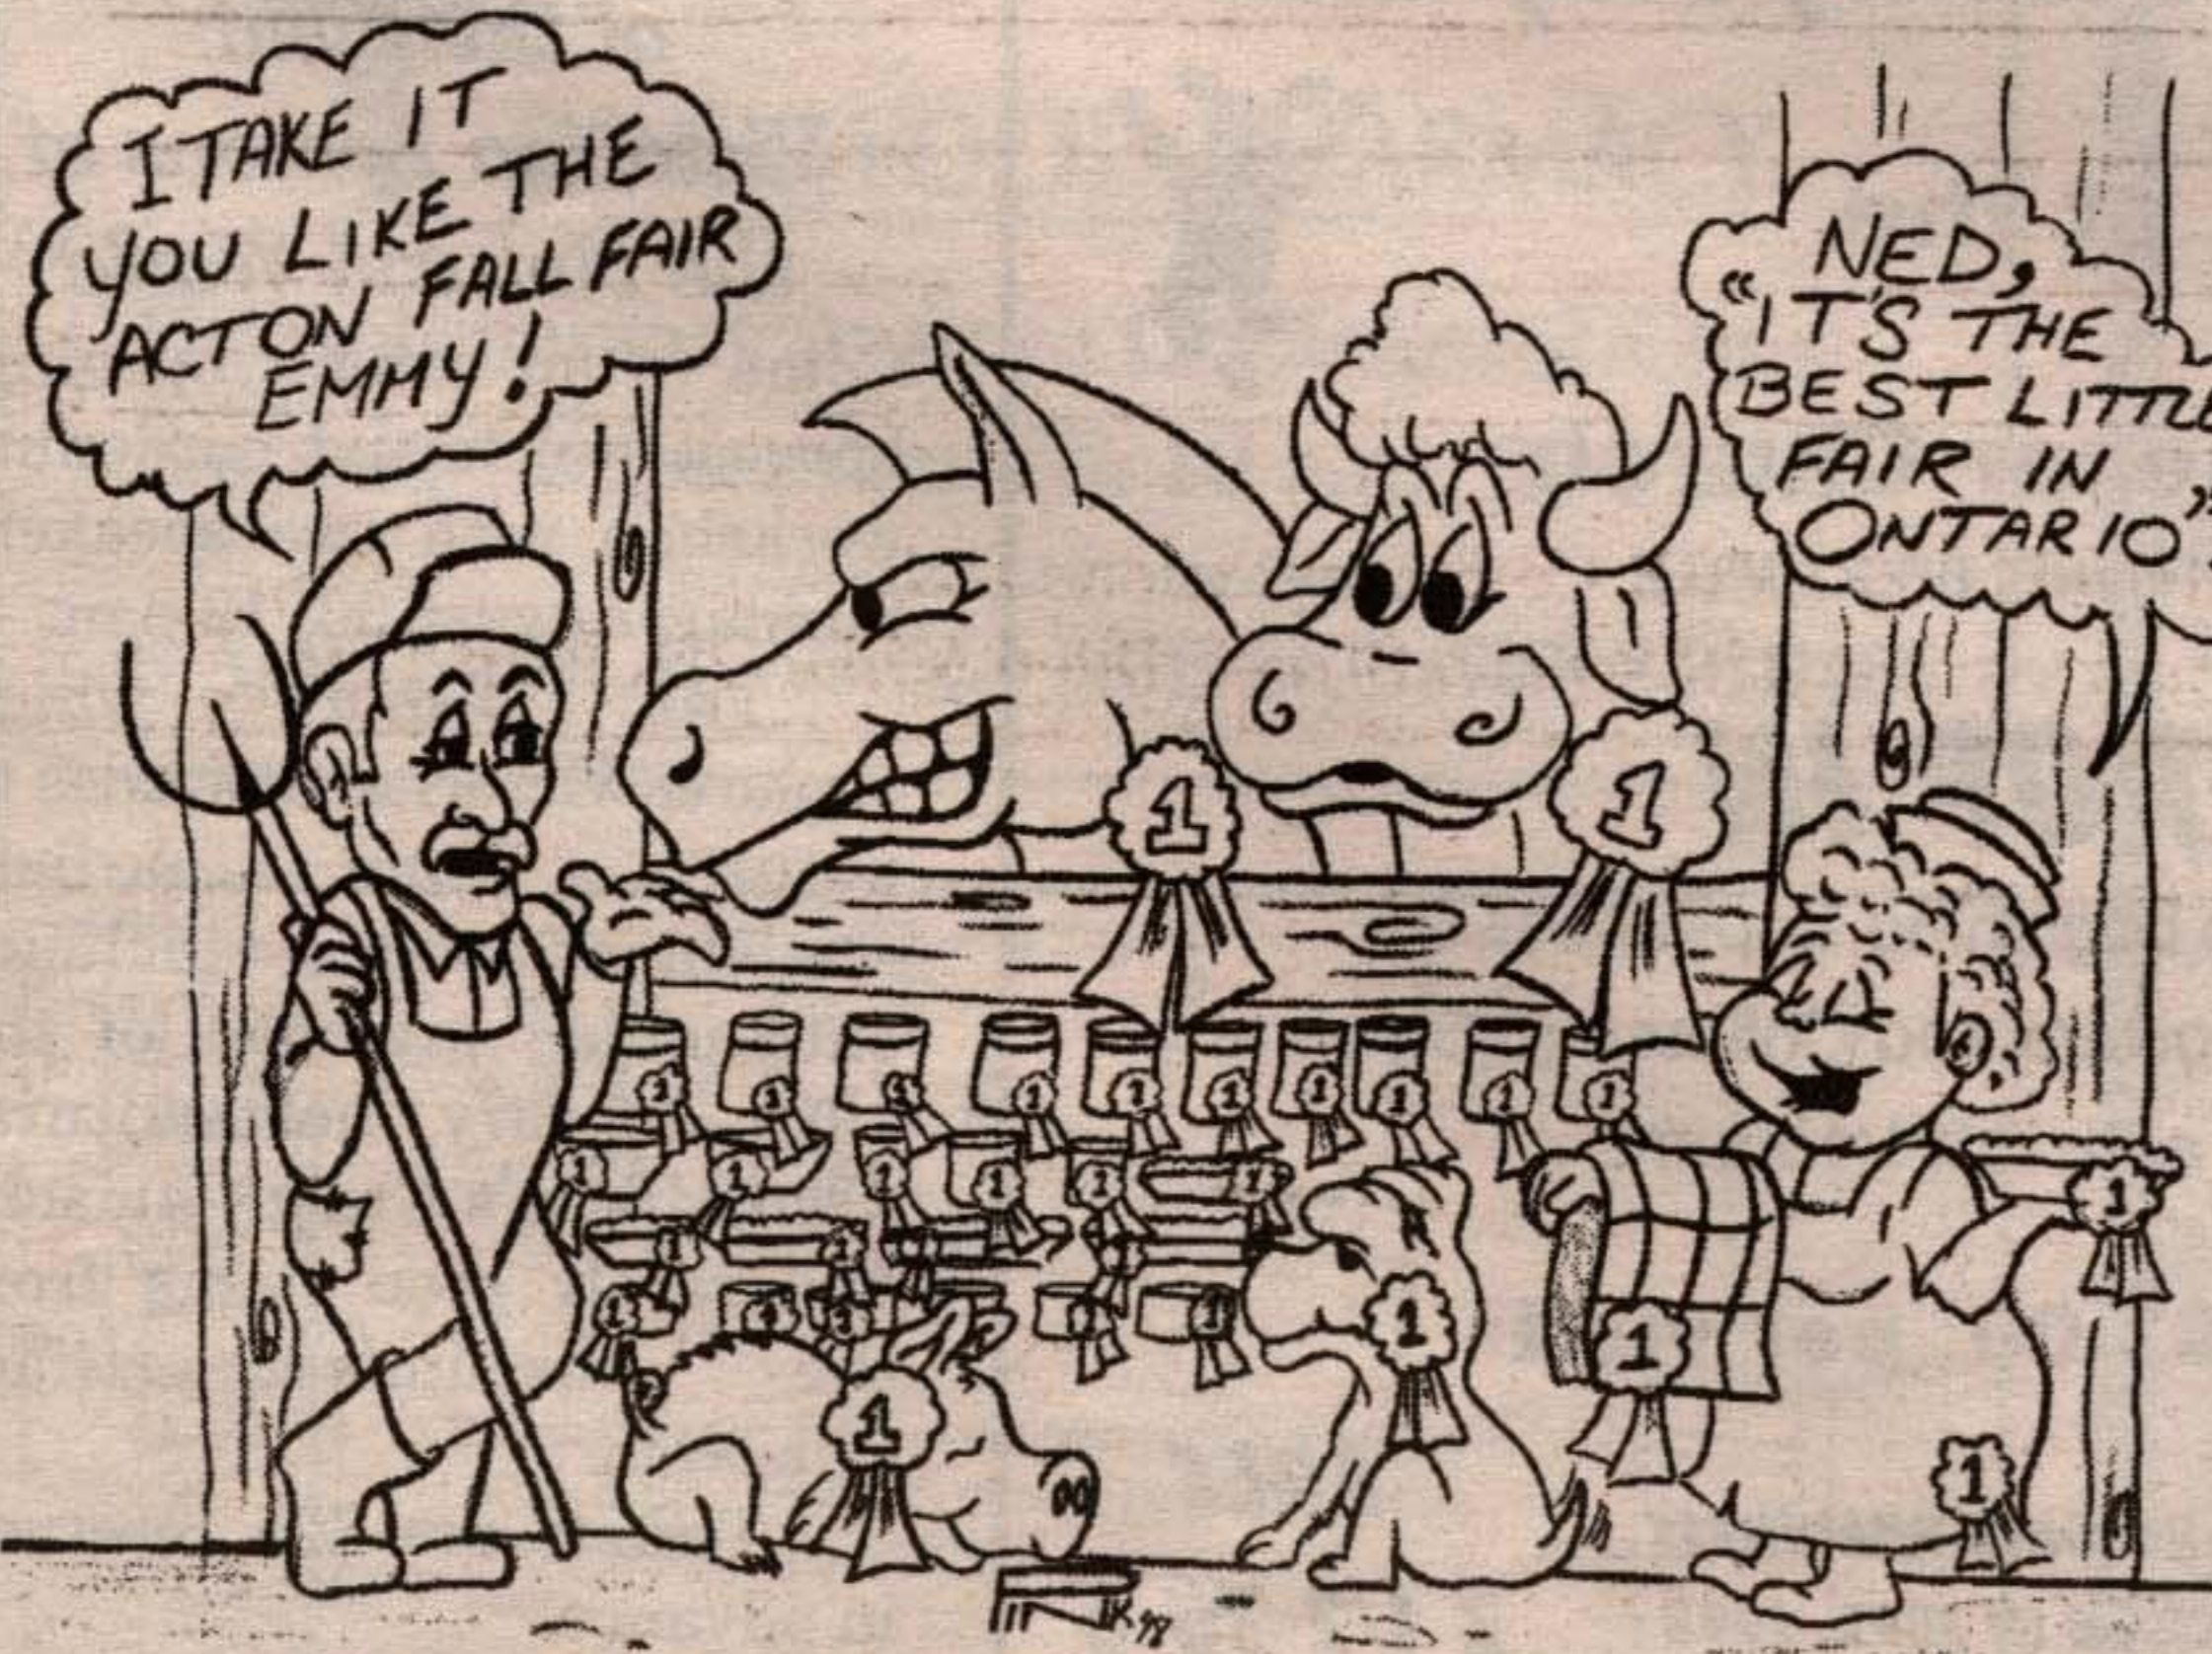

Poultry Show

When you step into the Poultry Barn at the Acton Fair, be prepared to be greeted with clucking, cackling and crowing from hundreds of varieties of feathered friends!

Livestock

The Fair prides itself on providing a true look at the union of rural and urban life. Visit the "Country Living" tent where you'll see domestic animals of all description in a Petting Zoo; the cattle show gives an insight into the various qualities judges look for in a prize calf; visit the back where the cattle and horses are stabled, to discover grooming techniques in preparing animals for the show.

"One of the Best Little Fairs in Ontario"
Come & discover why!
