

Celebrating our rugged beauty

The Coalition on the Niagara Escarpment (CONE) hosted Escarpment Celebration Day on June 10 at Crawford Lake Conservation Area in

Campbellville. Milton Mayor Gordon Krantz and Halton MPP Ted Chudleigh were among the participants for a day of hikes, crafts, and presenta-

tions celebrating the beauty of the Escarpment.

"The Niagara Escarpment has been recognized internationally by

the United Nations as a World Biosphere Reserve, but there are still many people in southern Ontario who have never really explored this natural wonder that we have right here in our own backyard," commented CONE Executive Director Jason Thorne. "The purpose of this event is to try and change that."

Hundreds of people took part in nature discovery hikes, cultural history walks, family crafts and escarpment art activities, and heard presentations on waterfalls, local history, and the significance of the Escarpment.

Several local organizations partnered with CONE in hosting the Escarpment Celebration Day: the Halton / North Peel Naturalists Club, Protect Our Water and Environmental Resources (POWER), the Iroquoia Bruce Trail Club, Halton Hills Esquering Chapter of the Toronto Bruce Trail Club, Conservation Halton, and the Alpine Club of Canada. The event was funded in part by the Ontario Trillium Foundation. To learn more about the Niagara Escarpment visit the CONE web site at www.NiagaraEscarpment.org.
