gation, charges of operating a massage parlour without a license have been laid against the owner of Mohawk Spa and the Spa Manager."

DENTURISTS SERVE YOU DIRECTLY

For many years Denturists have been licensed to directly offer you a full range of denture services at a cost that puts dentures within the reach of more people. We are the only profession spending 100% of our day specializing in the fabrication of dentures and counselling of denture patients.

VISITATION SERVICES

There are times when you cannot leave your home because of infirmity or disability. We will visit you in your home, to make, repair, or adjust your dentures. We will visit you in the hospital or nursing home too! It's the Denturist Association of Ontario's commitment to bring service with integrity to the profession of Denture Therapy.

PROBLEM AND SOLUTIONS

If you are a denture wearer and experiencing frequent sore spots, don't wait for the next one! Frequent gum irritation could be a warning sign of other problems. Your mouth is constantly changing as you grow older, whereas your dentures are hard and unyielding. A check-up visit at least once a year is recommended. We will help you examine your options; free of charge. Our office provides a full range of dental services directly to the patient. We are the only professional legislated "specifically" to make dentures. For service and one on one contact with the person who actually makes your denture from start to finish, give our office a call.

You do not need a referral; simply call our office direct. Remember, consultations are always free.
