Malboeuf letter

what I wish to accomplish in the future, on behalf of Milton residents, is what my campaign is based upon. I do not need to resort to cheap political tricks. This is an attempt by the Mayor to divert the focus from him, not only on this issue of political contributions, but also away from his record as Mayor and direct that focus toward me by trying to portray me as a bad guy. I did nothing wrong, I was simply trying to do what I thought was the right thing.

RICK MALBOEUF A NEW MAYOR FOR THE NEW MILTON

Citizens of Milton,

Our town is changing; it is no longer the Milton of 30, 20 or even five years ago. The role of local government has also changed due to the Federal and Provincial Governments' downloading many of their responsibilities to Municipal and Regional Governments. With those changes come challenges and we now need a Mayor who understands those challenges and who is prepared to deal with them.

One of the main responsibilities of the Mayor as head of council is to bring before Council new ideas and recommendations to improve the quality of life in the community. During my six years on Milton Council the current Mayor has never brought forward any such recommendation. In fact, Mayor Krantz has opposed most initiatives meant to improve the standard and quality of life in Milton. He opposed improvements to the fire department, he voted against the budgets allocating the necessary funds to improve the ambulance service for Milton, he opposed the construction of much needed geared-to-seniors housing, he voted against the bylaw to ban smoking in all public and work places, thereby ignoring the wishes of the majority, and he is opposed to the implementation of a heart defibrillator program for our fire department - all initiatives that I either brought forward or supported.

It is time for change. We need a Mayor who can balance the needs of the development community with our desire to preserve the Milton we wish to maintain. A Mayor who understands the financial realities of today. A Mayor who is prepared to move forward in the areas of public safety and security. A Mayor who understands what the people of Milton want and expect from their elected officials. We need a Mayor who has the experience needed to deal with the challenges we face.

I believe I can be that Mayor. My six years on both Milton and Regional Councils, serving on many prominent committees, along with 30 years of business experience have provided me the knowledge I need to lead Milton in the years to come. To do so I need your support on Nov. 10th.
