Milton launches new phase of defibrillation program

Continued from page 1

Mayor Gord Krantz said public awareness of the program is critical. "We want the community to be aware.... You might be able to help a friend or a loved one."

The public units at Town facilities are stored in wall units and they can be used by anyone, even those without first aid training. Patrick D'Almada, manager of the Milton Leisure Centre, said the Town selected Zoll defibrillators that come with pictographs as well as voice instructions to make it easy for anyone to use the units, including members of Milton's deaf community.

Mr. D'Almada added that there are still sponsorship opportunities for those who would like to support the program. The goal is to raise a total of \$65,000. For more information on making a donation, people can contact Marg Fraser at 905-878-7252, ext. 2156.

For more information on the defibrillation program,

contact Mr. D'Almada at 905-878-7252, ext. 2705.

Early in 2005, the Town will launch the second phase of the program, with the installation of units at the Milton Sports Centre, John Tonelli Sports Centre, Milton Memorial Arena, the Milton Seniors' Activity Centre, and Rotary Park Outdoor Pool.

Angelo De Medicis (left), owner of Milton Home Hardware, got a chance to see one of the Town's new defibrillation units located at the Milton Leisure Centre. He was joined by Milton Mayor Gord Krantz (second from left) and Patrick D'Almada, manager of the Milton Leisure Centre. Mr. De Medicis' business has provided much-needed funding to the Town's defibrillation program. To date, aside from Milton Home Hardware, other sponsors have included the Milton Royal Canadian Legion and Dave de Sylva.

Wishing all of our clients a Merry Christmas & Happy New Year!

Thank you for all your support in the past year.
