

Valentine's Day... Add Love

Valentine's Day

who fell in love with his jailor's daughter. helping young lovers escape from prison. Valentine wrote his love a letter, signing it "Your Valentine", a phrase that is still used today in Valentine's Day greeting cards. Soon after this incident Valentine was discovered and put to death. In later versions of the story, Valentine was put to death on February fourteenth, the day that we now celebrate as St. Valentine's Day.

Although we may never know the true story of the saint named Valentine, February is a month that has traditionally celebrated for centuries now. One of the most popular ways to celebrate Valentine's Day with your sweetheart is with a special meal or favourite food. Since restaurant reservations can be hard to come by this time of year, the following recipe is a great way to whip up some love in the kitchen!

Sugar Cookies

- 1 teaspoon vanilla extract
- 1 container vanilla frosting
- red or pink food colourings
- sprinkles
