

Georgetown Raiders... local heros

Continued from page 1

Congratulations to the Georgetown Raiders who are the 2005 Dudley-Hewitt Cup champions going 4 - 0 in the tournament. The scores of the first three games were as follows;

- Georgetown 7 Northbay Skyhawks 2**
- Georgetown 4 Fort Williams Northstars 0**
- Georgetown 5 St. Michaels Buzzers 4**

The Raiders will now be taking their show on the road to Weyburn Saskatchewan to compete in the Royal Bank Cup. Good luck to Georgetown on their quest to bring home the championship to Georgetown and the Halton Region.

To follow the progress of the Raiders log on to Canadianhockey.ca and follow the Royal Bank Cup Links. Georgetown is representing Central division.

The Milton Mall turned into a scene right out of *Cocktail* on May 3, hosting the North Halton Ultimate Mix High School Challenge Championship Mix Off. Competing high schools from across North Halton for the past weeks have been majoring in mixology in order to take home the trophy for best non alcoholic drink mix. Promoting fun and safe drink alternatives, each school met the drink requirements to promote the safety of responsibility. Winners of the silver cup were charismatic students Justin Poirier, Jonathan Silva, Chris Thibodeau and Philip O'Brien from Christ the King Catholic Secondary School from Georgetown with their drink "Livin' In The Lime Lite".

Taking home the cup, students from Christ the King Catholic Secondary School from Georgetown, left Chris Thibodeau, Jonathan Silva, Philip O'Brien and Justin Poirier (front) standing with Mayor Gord Krantz from the Town of Milton.

The Regional Municipality of Halton

A Partnership That Works!

NOTICE OF PUBLIC INFORMATION CENTRE

**Steeles Avenue (Regional Road 8)
New Watermain, Wastewater Mains, Sewage Pumping Station and
Forcemain
Town of Halton Hills
Class Environmental Assessment Study**

The Regional Municipality of Halton is undertaking a Class Environmental Assessment for a new trunk watermain, trunk wastewater mains, sanitary sewage pumping station and forcemain on Steeles Avenue (Regional Road 8) between Fifth Line South and Trafalgar Road (Regional Road 3) in the Town of Halton Hills. The need for these infrastructure components has been identified in the Region's "Water & Wastewater Master Plan Review" adopted by Regional Council in March, 2003.

The study is being conducted in accordance with the requirements of a Schedule B project as detailed in the *Municipal Class Environmental Assessment* (June 2000).

A key component of this Class Environmental Assessment is consultation with interested stakeholders (public and regulatory agencies). A Public Information Centre (PIC) has been scheduled to provide stakeholders with an opportunity to meet the Project Team, review the study scope and discuss issues related to the project including assessment of: (1) a wide range of options for providing water, wastewater, sewage pumping and forcemain infrastructure to satisfy the needs identified in the "Water & Wastewater Master Plan Review", and (2) options for the crossing of watercourses and the placement of the new watermain, wastewater mains, sewage pumping station and forcemain. A Public Information Centre has been arranged for:

Date: Thursday May 12, 2005
Time: 6:00 p.m. - 9:00 p.m.
Location: Hornby Glen Golf Course
8286 Hornby Road (1 km north of Steeles Avenue)

A number of alternatives have been examined and these, along with impacts of such improvements on the social and natural environments, will be presented. Following the PIC, the preferred solutions will be confirmed in light of comments received from the public and review agencies and a Project File for the watermain, wastewater mains and forcemain, and a separate Project File for the sewage pumping station, will both be placed on the public record.

If you are unable to attend the PIC and wish to comment on the project, please contact:

Ms Lee Anne Jones, P.Eng.
Manager of Infrastructure Planning
Regional Municipality of Halton

NOTICE OF PUBLIC INFORMATION CENTRE #1

**Trafalgar Road (Regional Road 3) Improvements -
10 Side Road (Regional Road 10) to Highway 7
Town of Halton Hills
Class Environmental Assessment Study**

The Regional Municipality of Halton is carrying out a Class Environmental Assessment to consider a wide range of options to satisfy future travel demands on Trafalgar Road (Regional Road 3) from 10 Side Road (Regional Road 10) to Highway 7 (see map below). The study will define the problem, identify and evaluate alternative solutions, and determine a preferred solution in consultation with the Town of Halton Hills, regulatory agencies, and the public. The study is being conducted in compliance with Schedule C of the *Municipal Class Environmental Assessment* (June 2000), which is approved under the Ontario Environmental Assessment Act.

A key component of the study will be consultation with interested stakeholders (public and regulatory agencies) at two Public Information Centres (PICs). The first Public Information Centre has been arranged for:

Date: Tuesday, May 17, 2005
Time: 6:00 p.m. - 7:00 p.m. Drop-in centre
7:00 p.m. Presentation, followed by question and answer session
Place: Cafeteria, Christ the King Secondary School
161 Guelph Street, Georgetown

The purpose of the Information Centre is to review and obtain public input after reviewing the problem being addressed, background information, and the alternative planning solutions being considered. Anyone with an interest in the study is invited to attend and participate. If you cannot attend and would like to provide comments, please forward them by May 31, 2005 to the Regional Municipality of Halton at the address below. Following the Information Centre, the study findings will be reviewed in light of comments received and the preferred alternative planning solution will be determined. A second information centre will be scheduled for late Fall 2005.

Information requests or questions may be directed to:
