*A Partnership That Works!*

## NOTICE OF STUDY COMPLETION

### Regional Road 25 Improvements From Highway 407 to Derry Road (Regional Road 7) Towns of Oakville and Milton Class Environmental Assessment

The Regional Municipality of Halton has undertaken a Class Environmental Assessment to consider improvements to Regional Road 25, from Highway 407 to Derry Road (Regional Road 7), in the Towns of Oakville and Milton. The study has been completed in compliance with Schedule "C" of the Municipal Engineers Association "Municipal Class Environmental Assessment," (June 2000).

Key components of the recommended design are as follows:

- Widen Regional Road 25 from two lanes to four lanes, with left and right turning lanes at all intersecting roadways;
- Install new or replacement traffic signals as required;
- Rehabilitation of the existing 16 Mile Creek structure and twinning of the structure to the east;
- Culvert replacement or extension, throughout the project, as required;
- Relocation of existing utilities;
- Purchase of property for widening and a utility easement throughout the project limits;
- Purchase of property and demolition of a building on the North-East corner of Regional Road 25 and Britannia Road (Regional Road 6), and
- Environmental provisions in accordance with agency requirements.

Subject to comments received as a result of this notice and the receipt of necessary approvals, Halton Region will proceed to plan for construction of the improvements. The Environmental Study Report is available for review at the following locations:

Clerks Office and Citizen's Library	Clerk's Office	Milton Public Library
Regional Municipality of Halton 1151 Bronte Road Oakville, Ontario L6M 3L1 Monday to Friday Hours: 8:30 am to 4:30 pm	Town of Milton 43 Brown Street Milton, Ontario L9T 5H2 Monday to Friday Hours: 8:30 am to 4:30 pm	45 Bruce Street Milton, Ontario L9T 2L5 Monday: Closed Tuesday to Thursday Hours: 10:00 am to 9:00 pm Friday to Saturday Hours: 10:00 am to 5:00 pm

Further information can be obtained by contacting Nick Zervos, CET, the Region's Project Manager at 905-825-6000, ext. 7632 or zervosn@region.halton.on.ca.

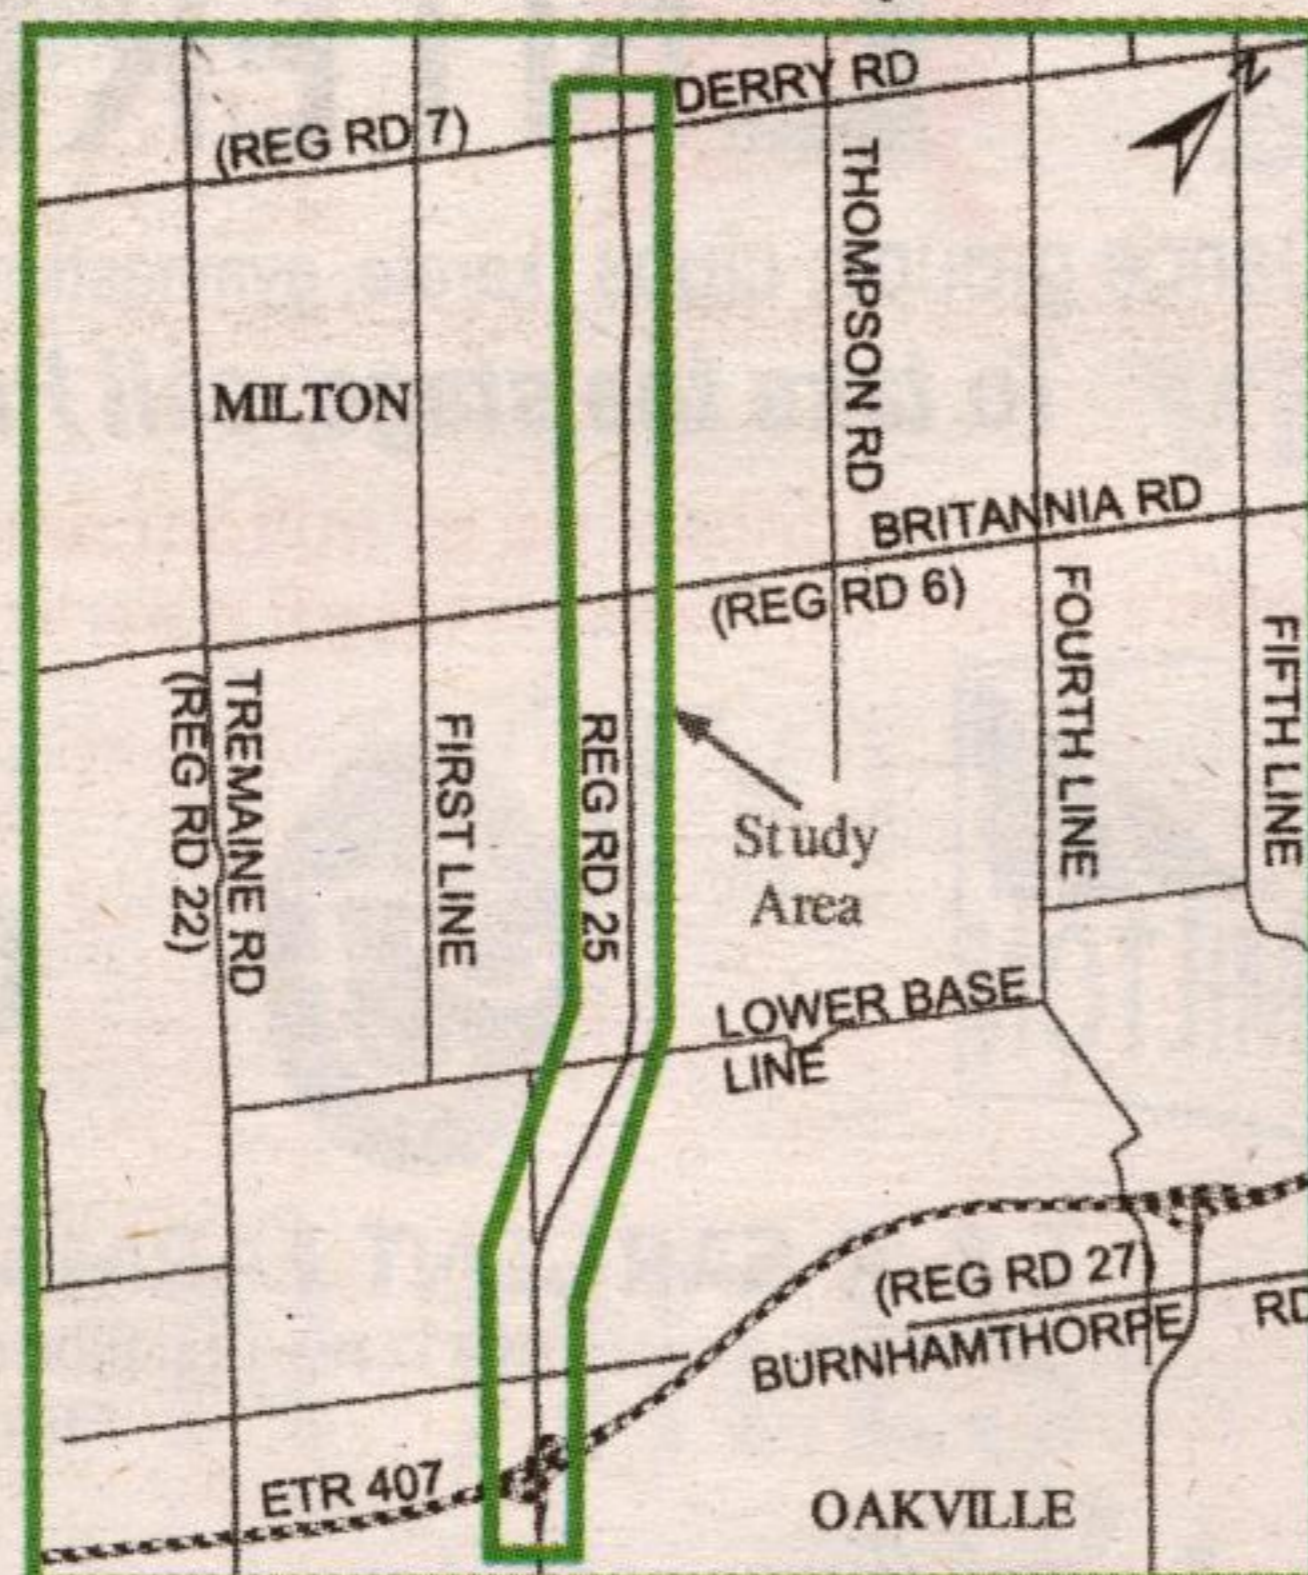

Interested persons should provide written comments on the Environmental Study Report by June 28, 2005. Please direct comments to the Region's Project Manager. If concerns regarding this project cannot be resolved in discussion with the Region of Halton, a person or party may request that the Minister of the Environment make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order), which addresses Individual Environmental Assessments.

Requests must be received by the Minister by June 28, 2005, with a copy sent to the Regional Clerk (address below) and the Region's Project Manager. If there are no requests to change the status of the project to an Individual EA by this date, the Region of Halton may proceed to construction, subject to available funding and receipt of the necessary approvals.

## NOTICE OF PUBLIC INFORMATION CENTRE #1

### New Burnhamthorpe Road (Regional Road 27) Transportation Corridor and Potential Future Bridge Crossing of Sixteen Mile Creek, Town of Oakville Class Environmental Assessment Study

The Regional Municipality of Halton has initiated a Class Environmental Assessment for transportation improvements in North Oakville, particularly in the vicinity of Burnhamthorpe Road (Regional Road 27) to satisfy east-west travel demands in the Town of Oakville (refer to study area map shown below). The need to satisfy east-west capacity requirements has been identified in studies such as the Halton Transportation Master Plan (2004). The study is being conducted in compliance with Schedule C of the Municipal Class Environmental Assessment (June 2000), which is approved under the Ontario Environmental Assessment Act.

A Public Information Centre (PIC) is planned to provide further information to the public and interested stakeholders and to receive input and feedback on the Study activities completed to date. The following information will be available at the PIC: transportation issues and opportunities; and the assessment of a range of alternative solutions, including:

- Upgrading capacity of existing roadways (Ex. Dundas Street widening to beyond 6 lanes);
- Upgrading capacity of Burnhamthorpe Road including a potential crossing of Sixteen Mile Creek Crossing;
- Increased transit services/facilities;
- Reduction in auto usage (Transportation Demand Management);
- Optimization of the existing road network (Transportation Systems Management); and
- Combinations of the above.

The preliminary preferred alternative solution will be presented at this PIC. Route alternatives will be investigated during the next phase of the Study. The second PIC, anticipated to be held in early 2006, will present the route alternatives and the preliminary preferred design. The first PIC is scheduled for:

**Thursday, June 9, 2005**

**King's Christian Collegiate Gymnasium  
528 Burnhamthorpe Road West, Oakville  
6:00 p.m. to 9:00 p.m.**

**Open House: 6:00 p.m. to 7:15 p.m.**

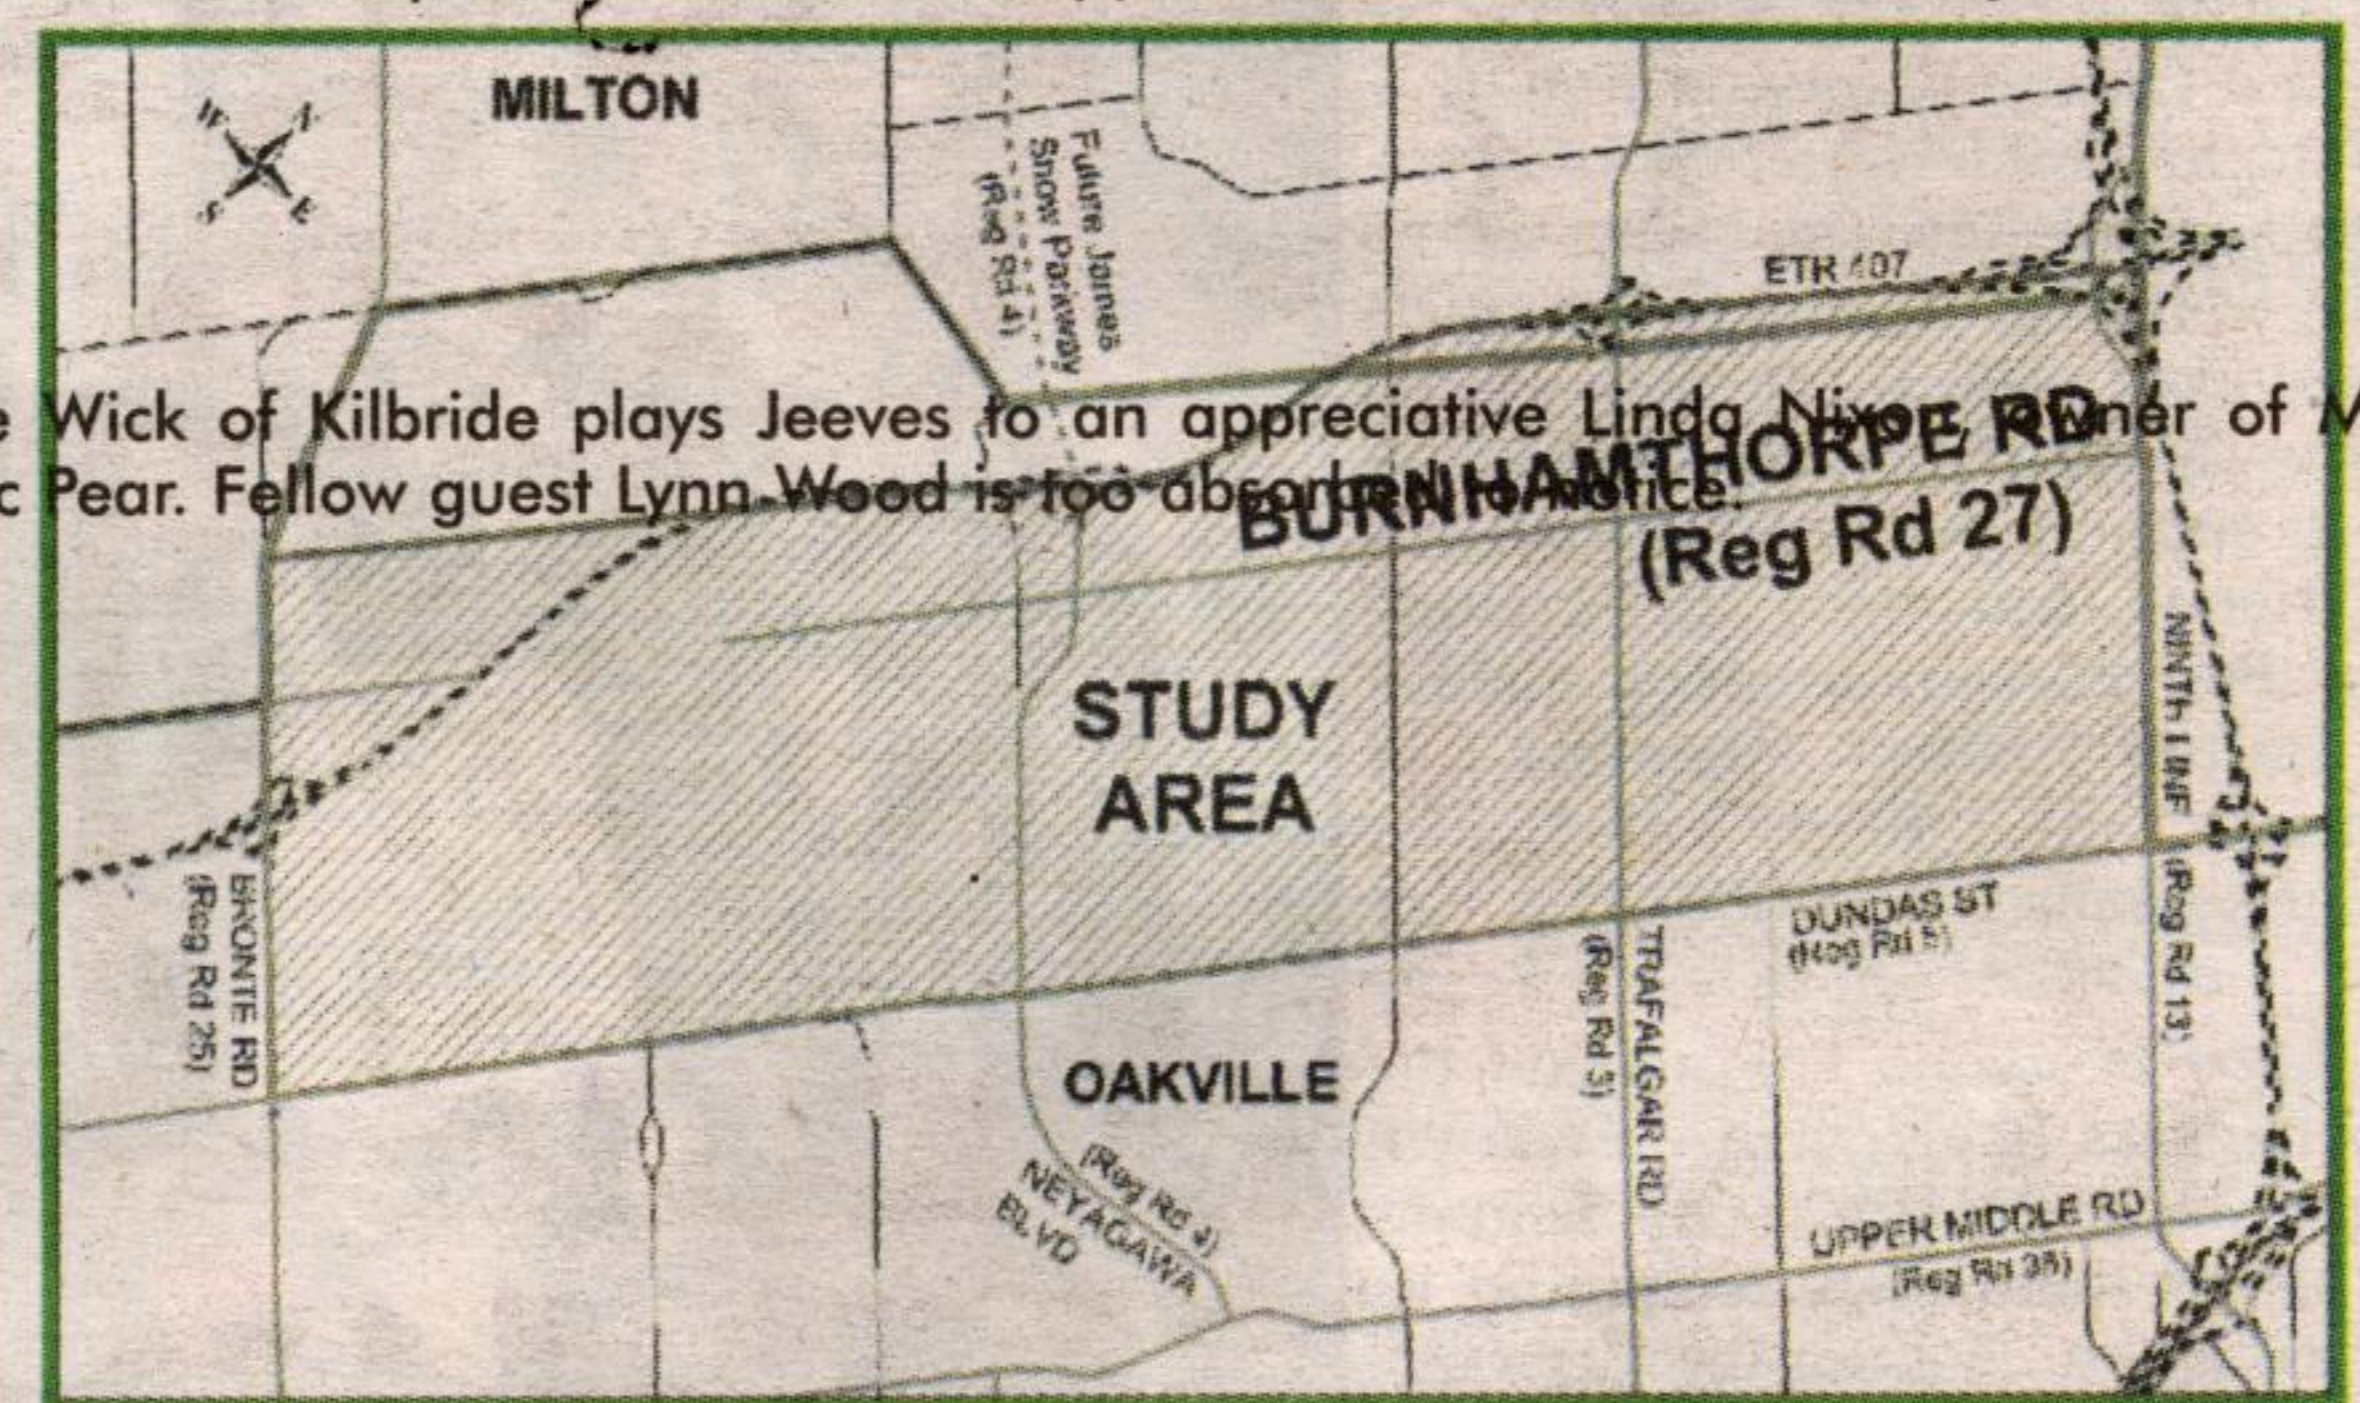

**Presentation at 7:15 p.m., followed by an open question period**

If you are unable to attend the PIC and wish to fill out a comment sheet or require additional information please contact:
