Councillors to get out-of-town travel

Town councillors will be able to claim for mileage if they use their own vehicles on municipal business outside of Halton Hills, but not all of them will. Currently neither the mayor nor councillors are able to make such claims and Mayor Marilyn Serjeantson raised the issue several weeks ago but was not at Monday's meeting for the discussion.

Members voted 6-2 in favour of the reimbursement plan and council is expected to do the same this Monday.

Councillors Kevin Kuiack and Clark Somerville voted against the plan. Somerville said that the timing of the motion was wrong, that it should have been discussed before the budget was decided.

Kuiack asked if there could be a spending cap on the meals and miles budget.
