Region hosts event for Halton businesses

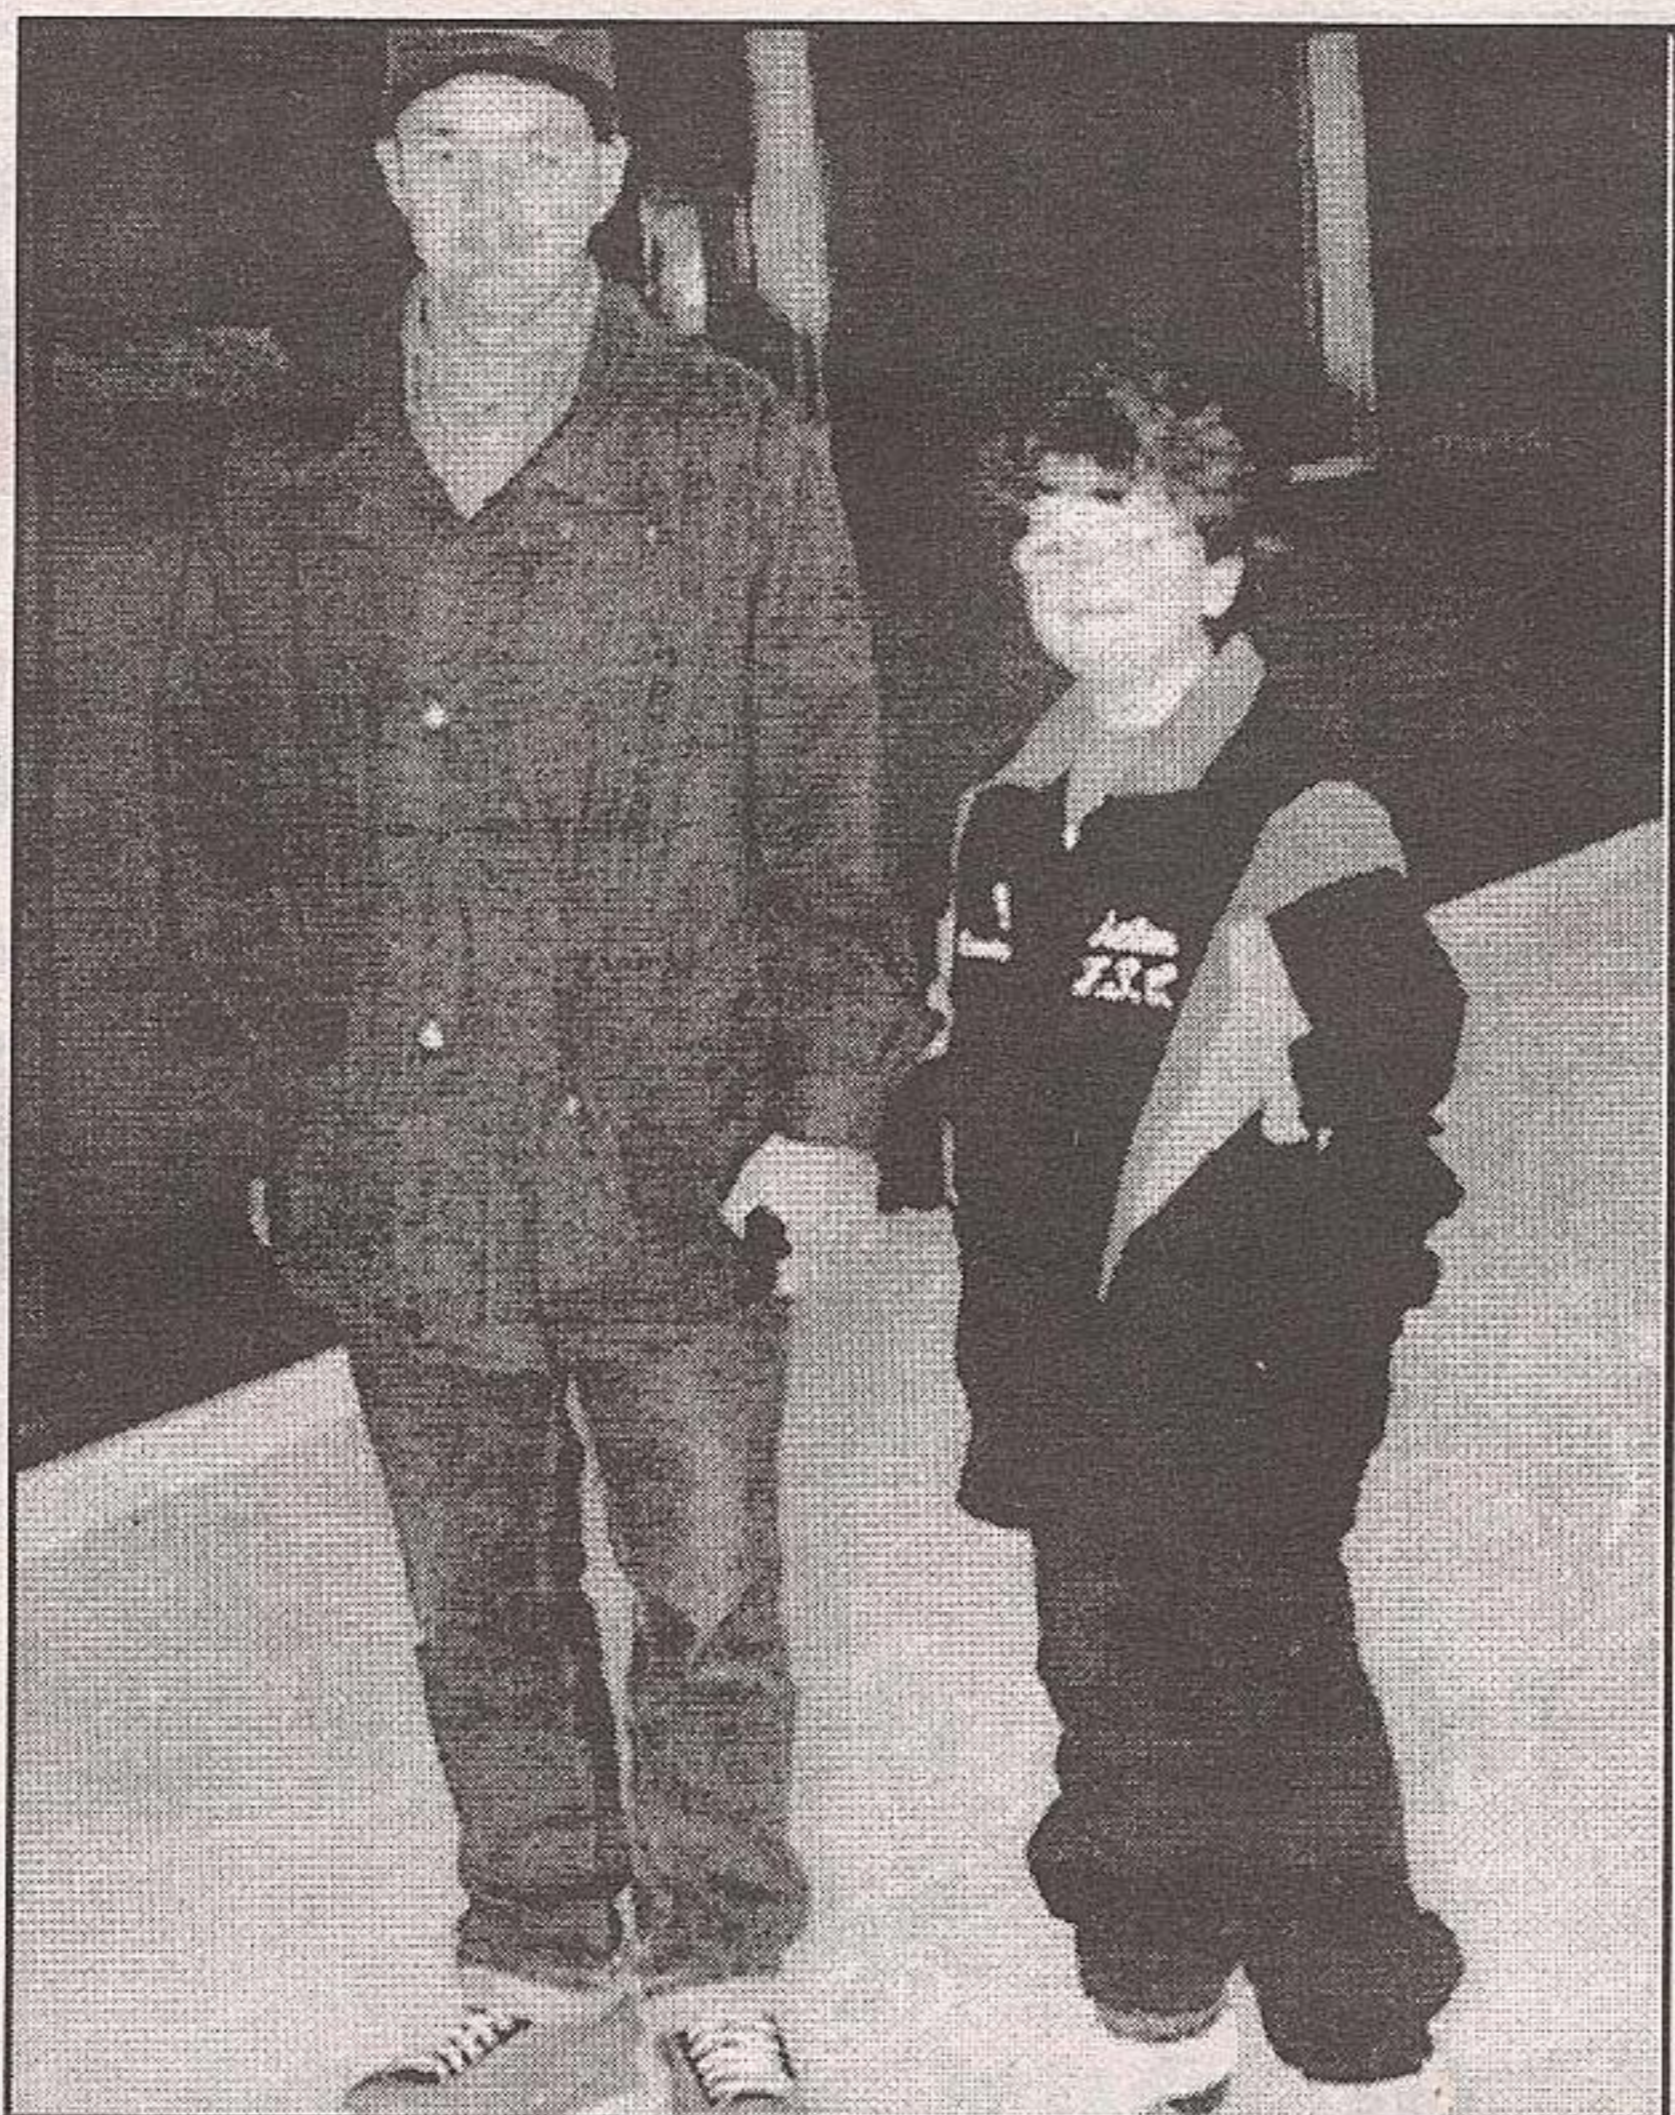

In celebration of Small Business Week, the Region of Halton and Royal Bank are co-hosting a Joint Business After Hours - Wine and Cheese. This event involves all four Halton Chambers of Commerce: Halton Hills, Burlington, Milton and Oakville and takes place Monday, Oct. 26, from 5 to 7:30 p.m. in the cafeteria of

the Halton Regional Administration Centre, 1151 Bronte Rd., Oakville.

The Region will be showcasing displays profiling a number of services; Business Development Centre, Waste Management, Social and Community Services, Ontario Works, Health, Purchasing, Halton Urban Structure Plan, Police Services, as well as displays from Royal Bank. All businesses in Halton are invited to attend. Please call the Business Development centre at 825-6300 to register.

WATCH THIS: With fearless steely determination and padded head and bum, Acton's Colin Speirs, 2, bob-skated his way around the leisure rink during Saturday night's public skating session. - Frances Niblock photo

HOT DATE: Acton Figure Skating Club member Cassandra Job, 8, of Acton and dad Terry held hands as they glided on the leisure pad at the Acton arena during Saturday night's public skating. - Frances Niblock photo

Flu shots ...

Continued from Page 1

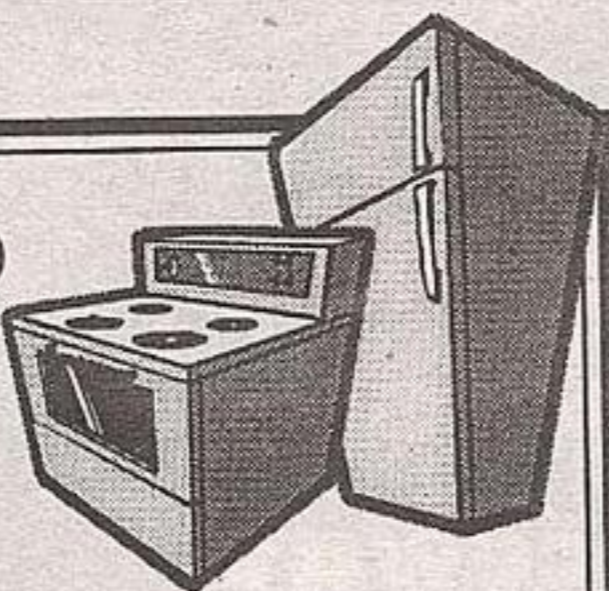

transmitting the virus.

According to Dr. Nosal, "We are working with family physicians, pharmacists and other health professionals to make sure that those who should have the vaccine know about it and know where to get it. We have posted reminders in community and recreation centres, seniors centres, libraries and other public places where seniors spend time. Our message is simple - if you are at higher risk of influenza and its complications because of your age or a medical condition, it's time to call your doctor for your flu shot."

Flu shots are also provided at reasonable costs for those who don't fall into the high risk groups and who wish to be immunized. For the first time, the Halton Regional Health Department will be holding flu immunization clinics in various locations throughout Halton. "I believe that if people are aware of the benefits of being immunized we'll reach our goal of 70% protection," concludes Dr. Nosal.
