ACTON BLOOD
DONOR CLINIC**

**WHAT
GOOD IS**

A BLOOD DONOR?

**A blood donor
is good for people**

who go through windshields,
for somebody with leukemia, for
people being operated on,
for barefoot kids who aren't careful,
for victims of violence,
for hemophiliacs so they can live as
normally as possible, for daredevils,
for little kids who manage to uncap a bottle
of something poisonous, for
people who are badly burned, for new
mothers needing transfusions, for a new
baby who needs a complete change of blood supply,
for someone having open heart surgery,
for cancer patients, for kids who fall out of
trees or anywhere else, for anybody any age with
bleeding ulcers, for people in the wrong place at
the wrong time, for people who are in a lot worse
shape than most people you know.
