HOROSCOPES

Jan. 31-Feb. 6

ARIES - March 21/April 20

Don't beat around the bush during an important meeting early in the week. Aries. You have something to say, and everyone needs to hear it. Don't worry about the reaction you'll receive. Those involved will respect your opinion. A close friend asks for your advice. Be honest with him or her.

TAURUS - April 21/May 21

Keep your temper in check when you have a run-in with a family member. He or she is trying to aggravate you; don't let that happen. That special someone has a lot to do this week. Don't put demands on his or her time. In fact, ask if you can do anything to help. It is sure to make your relationship stronger.

GEMINI - May 22/June 21

You have a fun week ahead of you. Gemini. You don't have a lot of work to do, so take advantage of it. Spend time with family and friends; go out; enjoy yourself. You won't have this much free time for long. The person whom you've been seeing has a surprise for you late in the week.

CANCER - June 22/July 22

Don't let problems at work get to you. Cancer. Just work diligently to complete your tasks. That is all anyone is asking of you. As for the tension in the office, let it go. You have better things to think about. A loved one asks a favor of you. Do what you can to help. Leo plays a key role late in the week.

LEO - July 23/August 23

Keep your eyes and ears open this week. Leo. Something isn't quite right at work. Pay attention to what your superiors are doing, and don't believe the rumors that are being spread. An old friend calls you out of the blue. Make plans to see him or her. It definitely will be worth it.

VIRGO - Aug 24/Sept 22

You have a lot to do early in the week. Virgo. If you organize your time, you can get it all done. Don't let friends and loved ones distract you. Stay focused. A friend of a friend asks you out to dinner. Say yes, because he or she has something important to tell you.

LIBRA - Sept 23/Oct 23

Several of your friends get into an argument, and it is up to you to smooth things over. Help everyone to forgive and forget. If you don't do it, no one else will. It's not going to be easy, but you certainly are up to the task. A loved one needs your help with a family matter. Do what you can.

SCORPIO - Oct 24/Nov 22

An acquaintance makes you a potentially lucrative financial offer. Don't fall for it. He or she really is trying to cheat you out of a lot of money. That special someone has a bad day late in the week and takes it out on you. Don't get upset. Just let him or her rant and rave. It's nothing personal against you.

SAGITTARIUS - Nov 23/Dec 21

You run into an old flame this week. Sagittarius. While your heart starts to flutter, your head knows the facts. Don't get involved with this person again. There's a reason why you two grew apart in the first place. A loved one gets into trouble late in the week. Try to help him or her, but don't get in over your head.

CAPRICORN - Dec 22/Jan 20

A business associate introduces you to an important person. Don't be shy; talk to him or her. This could lead to a career-advancing offer. A good friend drops by unexpectedly late in the week. He or she really needs to talk to someone. Be that person. Aries plays a key role on Friday.

AQUARIUS - Jan 21/Feb 18

A lot of people are making demands on your time this week. Aquarius. While it frustrates you, there really isn't anything that you can do. Work with them to get everything done. Don't worry; things calm down by the weekend. You have plenty of free time on Saturday and Sunday.

PISCES - Feb 19/March 20

While you want to help a friend in need early in the week, don't. If you get involved, you will be in significant trouble yourself. Just let him or her handle it. A loved one offers you romantic advice. Listen carefully.
