### Select teams added to Acton soccer

The boys, all under 11, ran hard, played smart and hoped they had what it took to impress the Acton Soccer Club officials watching intently from the sidelines on Saturday as the eager players vied for spots on the Club's brand new select team.

Like local hockey and lacrosse organizations, the Acton Soccer Club is inviting players to try out for five new select teams that will compete in the North Peel-Halton league.

Club president Gil Douglas said not everyone was in favour of going to a select program because they were worried about the quality of play in the house league if the more able players were pulled for the select teams.

"It's taken a while to convince people of the benefits of a select program," Douglas said in an interview on Sunday.

"All of the house league players will now get a lot more time on the field and the better players get to play at a better level and they don't get frustrated and the kids in the house league get to see that ball a lot more so their learning capacity is increased," Douglas said.

The Acton Soccer Club,

now in its 31st year, begins house league play May 8 with a fun day at the McKenzie-Smith Bennett fields. There are over 500 Acton and area youths; approximately two-thirds of them boys, registered to play this year on 40 sponsored teams.

Douglas said if the Club is to grow any more it needs an additional playing field - lighted, if possible.

"We've been having discussions with the Town for a number of years. In fact, we offered the Town money, quite a sizeable sum of money

I might add, to give us a lit soccer field in Acton, and they are working on it," Douglas said.

Douglas said that they also do all that they can in the way of coaching seminars and newsletters to ensure their volunteer coaches have all the information they need.

"Most of our coaches are former players or parents of players who donate a lot of time and effort to making sure the kids have fun and learn some skills. We couldn't carry on without them."
