## EWAG starts busy season

Our summer is just about finished and like you we are starting to gear up for the autumn months at EWAG Community Services in Rockwood. It's been a great summer but we are looking forward to the exciting things we have going on in September and October, so keep posted.

Come into "Happy Returns" our thrift shop and see what we have for you for the fall season. Our volunteers have worked hard to set up the shop, ready for the cooler weather. We have a great sale on in September with all adults and children's pants on sale at half price. We are also looking for volunteers to help out in the shop. If you like to work independently and can spare a few hours a week we would live to have you join our team of great volunteers.

Our Seniors group will be resuming their regular season

### Volunteers needed

September is Arthritis Month and the organization is seeking volunteers to help with its annual door-to-door canvas in Rockwood and Eden Mills. Anyone with a few hours to spend in helping out the Wellington Chapter of the Canadian Arthritis Society is asked to contact Jan Osborne at 856-4605.

All are welcome. Financial assistance is available. For further information call Cheryl Durkin at 856-2520.

### Van flips

Melissa Finlay, 24, of Guelph walked away without a scratch after rolling her van on County Road 44 just south of Highway 7 in Rockwood early Friday afternoon.

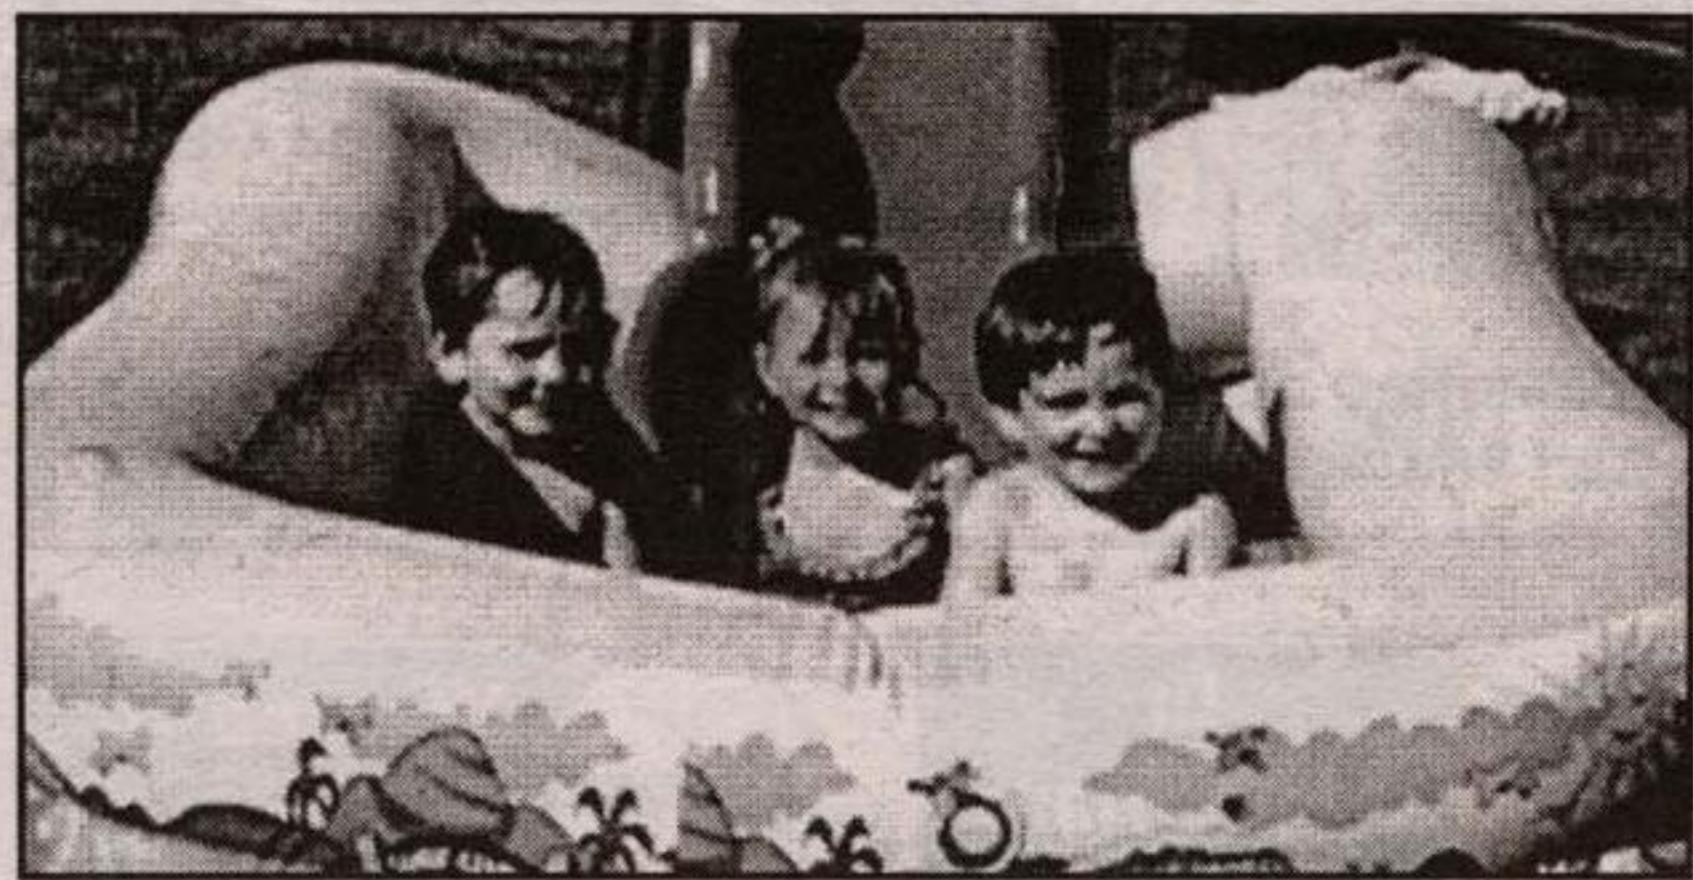

OPP report Finlay was driving too fast on a wet and slippery road when she lost control. Eramosa firefighters helped extricate her from the wreck.

### Gas line ruptured

Last Friday contractors using a backhoe at a house on Highway 7 west of Rockwood didn't bother to check the gas line location before starting to dig and ruptured a gas line in the process. Eramosa fire fighters evacuated two homes. The highway was closed for half an hour while Union Gas came in and repaired the line. The cost of the repairs will be billed to the construction firm and the homeowner.

### Driver charged

Guelph OPP were called to Brucedale when a motorist stopped a possible impaired driver Friday. Although police found no indication of either alcohol or drugs, the witness said the driver's speed was erratic, and swerving several times into the opposite lane. The man, a resident of Terra Cotta, was charged with dangerous driving.

## Expanded Services Offered By Ralph MacDonald Appliance Service Ltd.

Ralph MacDonald Appliance Service Limited, has been serving our community since 1969, and has recently expanded their services to serve their customers better.

The head office of the company has been moved to 230 Victoria Road, in Guelph. This is part of the Victoria-York Centre, just off Hwy. 7 on the east side of Guelph.

"Location was an important decision, as we wanted to be able to continue to serve our customers in the Rockwood, Acton, Erin, and surrounding areas, as well as to provide them with the opportunity to utilize our expanding services," said Matthew Clark, General Manager of the company.

Part of those expanded services include, a retail appliance parts store offering parts as well as water softeners, central vacuums, hot water

tanks, home comfort systems and a small appliance service centre.

Staff at the store will provide advice on how to repair your appliance yourself, along with an instruction sheet giving you a step by step guide, along with helpful hints.

"Customers can still contact us using the same number they always have...the only difference is during business hours it will be answered by a qualified service technician, instead of a machine," said Ralph. In fact, the company has added three additional phone lines.

Changes will take effect on September 1, 1999 and the store and office will hold a grand opening on September 18, 1999.
