

QUILTING WONDERS: The exquisite stitching and quilting of several Acton artisans was on display at the Cultural Centre in Georgetown as part of the bi-annual show of the North Halton Quilters Guild. Acton's Marg Toth shows that stitching can make the quilt in a duck quilt (left) and her Iris wall hanging (right) features a paper piecing technique. The quilt in the centre was Helen Debeau's first attempt at applique. - Frances Niblock photo
