# HONOUR VETERAN

## Remembrance Day

World War II has been over for 55 years. As lives, we in Canada are able to enjoy the life of our older members of our community remember faces may have faded. Younger members of our community are on the cenotaph.

The New Tanner does not recall these pictures of these service men, both deceased and living. We apologize if we have missed any service men from the Legion, Branch 197/Acton and from the service.
