Design for a narrow lot

ing guests. A gas fireplace, sloping ceiling and bay window combine to add comfort and character to the room.
 Across the hallway from the dining room, the kitchen has a pantry and plenty of countertop space, a useful phone desk and a breakfast area that opens to a covered deck.
 A sloping ceiling and a bayed window turn the master suite into something out of the ordinary. A walk-in closet has plenty of room for his-and-her clothes and a three-piece ensuite is tucked neatly off one side of the bedroom.
 A three-piece main bathroom is located next to bedroom No. 2 and the third bedroom is located at the front on the house.
 The double garage is hidden from view at the rear with a side door from the covered patio and direct access to the house through the laundry and utility room.
 Roughed-in plumbing has been supplied on the lower level to allow for a future basement suite, if desired. The house is 25 feet wide and 60 feet, 4 inches deep with 1,264 square feet plus the unfinished basement area.
 Plans for design H 9-3-199 are available for \$341 (set of 5), \$407 (set of 8), and \$490 for a super set of 10. Please add \$25.00 for Priority courier charge. Also add 7% GST to both the plan price and postage charges.
 Our NEW 32nd Edition of the Home Plan Catalogue containing over 300 plans is available for \$11.50 (including taxes, postage and handling). Brick accents, stone pillars and a covered entrance highlight the exterior of this charming basement-entry home. The plan is specifically designed for a narrow lot and would be the ideal starter home for a couple with young children.
 A coat cupboard immediately inside the entrance provides the place to leave the outdoor wear before going upstairs to the main living area.
 The top of the landing leads into the living room and adjoining dining room. The living room is sure to be a hit with the family both for their own use and for entertain-
