LETTERS

Canadian farmers need support from government

Following is an Open Letter to:
The Right Honourable Jean Chretien
Prime Minister of Canada,
House of Commons, Ottawa, ON

Dear Prime Minister,

The Ontario Federation of Agriculture and Ontario's Grain and Oilseed farmers and farm organizations have been working diligently with our government and officials over the last six months to achieve desperately needed support for Ontario and all Canadian grain and oilseed farmers. Our message has been simple - that Canadian farmers need support equitable to our competitors in the United States.

Canadian farmers are efficient. However, the devastating combination of depressed prices and extreme weather conditions are spelling financial disaster for many of our members. Canadian support levels, currently at historic lows, must be brought to equitable levels to enable us to compete and sustain our farms.
Before and throughout the recent election you and your colleagues recognized the problem publicly. You clearly indicated, as has Minister Vanclief and other Ministers, that support was needed and would be forthcoming.
Mr. Prime Minister, Ontario farmers and our counterparts in the rest of the country are suffering from the effects of foreign subsidies. We cannot compete against these subsidies without federal assistance. The OFA and all Ontario grain and oilseed farmers call on you now to make good on your promise and deliver the remedy that is desperately needed.
We will continue to work closely with your officials to ensure a viable and effective program to deliver the assistance so urgently required. It cannot wait.

Sincerely,
Jack Wilkinson
President, Ontario Federation of Agriculture
