Dodge congratulates Michael Andretti on winning the Molson Indy.

We know it takes a lot of dedication and hard work to capture the checkered flag.

Which is why Dodge Dakota has such a great track record: 2001 AJAC winner "Best New Pickup Truck" for Dakota Quad Cab; highest side impact safety rating; best-

in-class horsepower, torque, towing and payload capacity, and the only compact pickup with two available V8 engines. No wonder it's the best selling pickup in its class.

And class is the only way to describe the winning performance of Michael Andretti. So congratulations to the winner and to everyone else who made this year's Molson Indy a huge success.
