**BOYBURNED**

A four-year-old Woodbridge boy suffered second degree burns to his wrists, elbows and shins after tripping and falling into a smoldering barbecue pit at a farm on 25 Side Road, west of Highway 25, at 8 p.m. on Monday night.

The boy and his family were preparing to leave a friend's property when the accident occurred.

He was immediately immersed in a swimming pool and rushed to hospital, where he was treated and released several hours later.

**BUSTED**

Two Acton residents were arrested and charged with possession of marijuana after being questioned by police in Prospect Park at 10:45 on Sunday night.

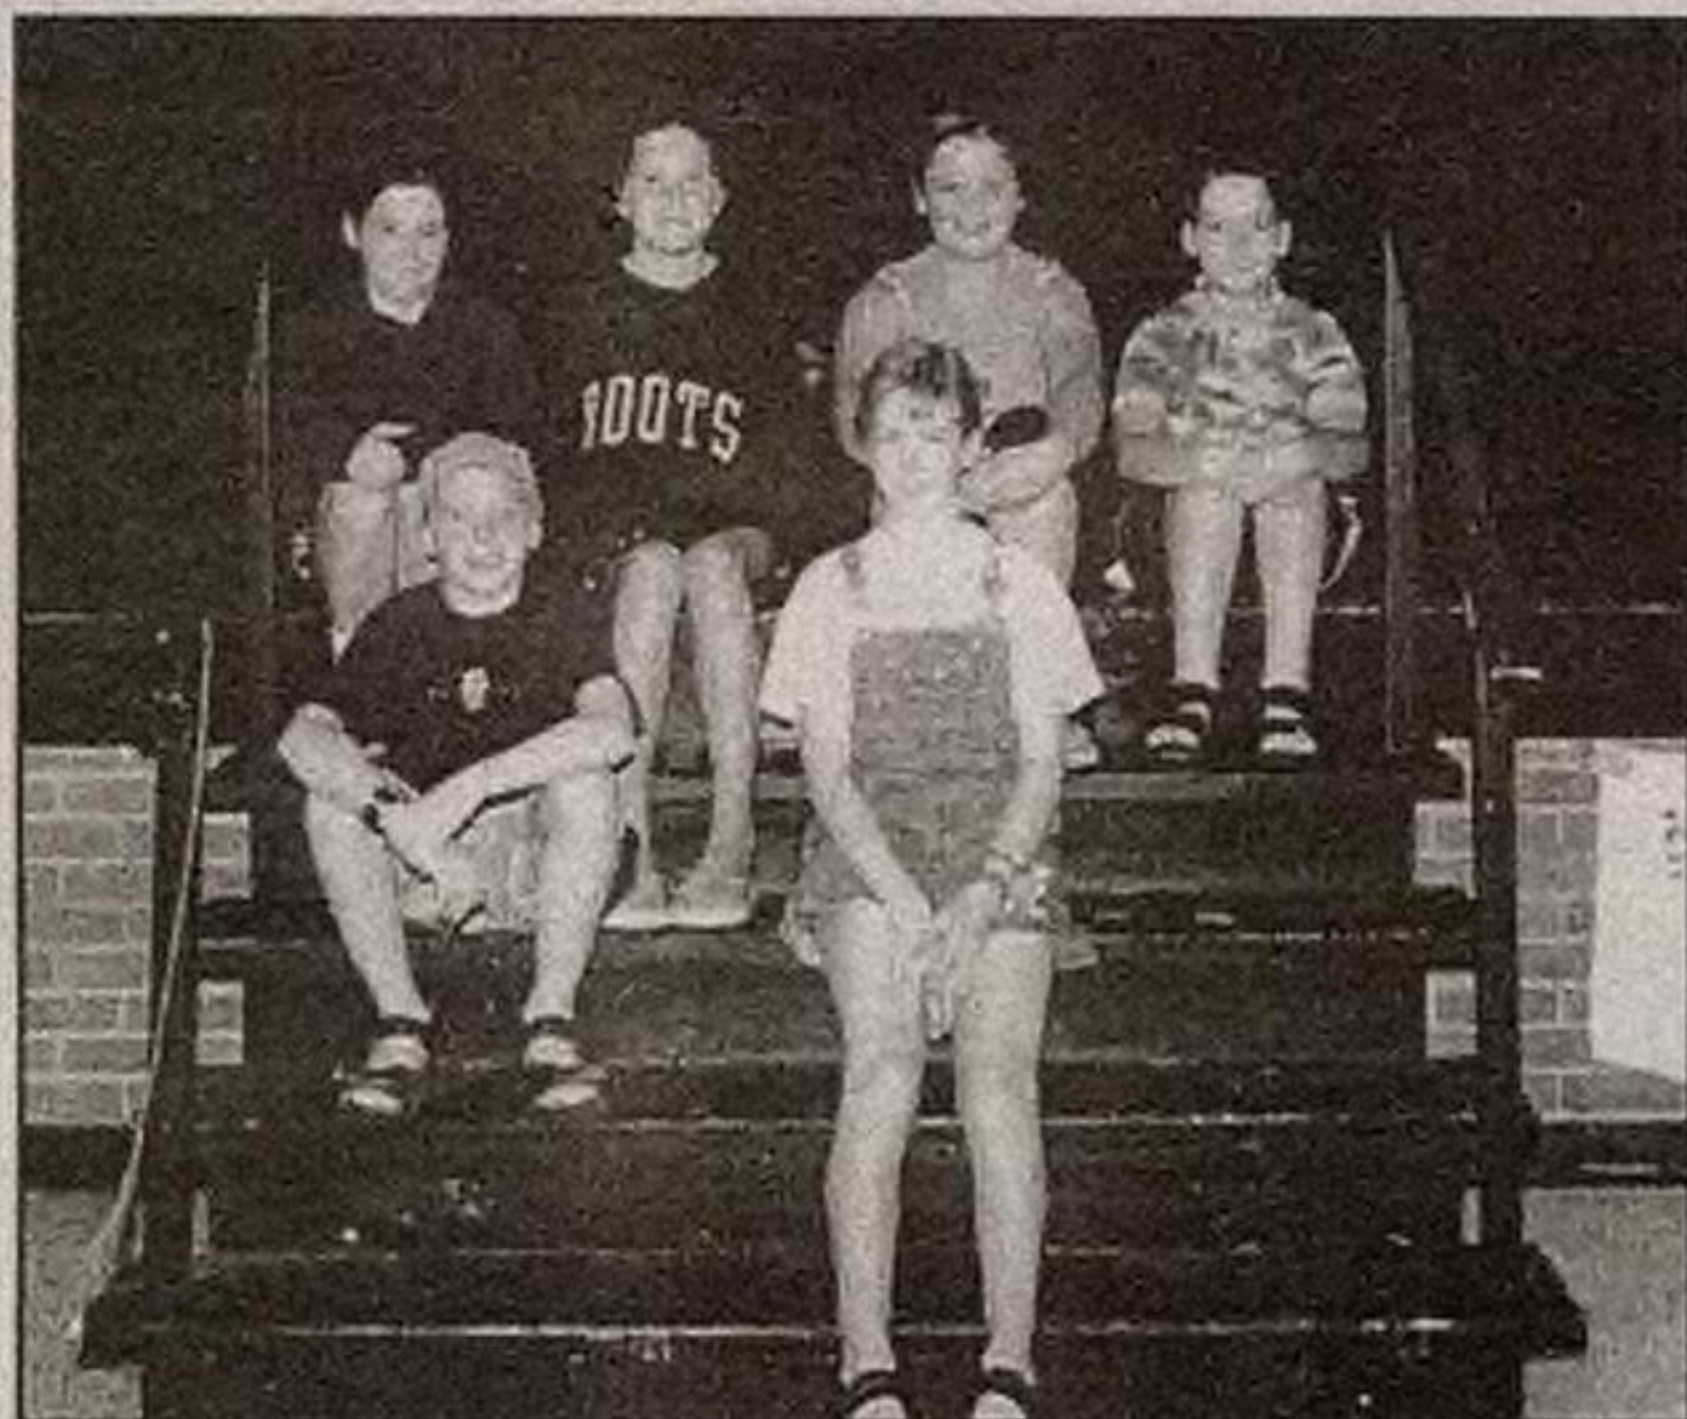

Police approached a group of people sitting on a bench and observed one of them, a 31-year-old man, pull a plastic baggie, which turned out to contain 7.5 grams of pot, from his pants.

In a subsequent search, police found approximately three grams of marijuana on a 17-year-old Fourth Line resident, who was also charged.

Both appear in Milton court on September 30.

**FUTURE STARS:** Some members of the Halton Hills Recreational Department's Theatre Camp include: Kelly Brodrick, Suzanne Thibodeau, Heather MacKinnon, Mackenzie Lawlor, Gresham Kimm and Devon Lard. The camp will be presenting their own theatre production on August 16 at 7 p.m. at AHS. - Ellen Piehl photo

**Pursuit nabs Acton man**

An off-duty Halton Police officer on his way to work witnessed a motor vehicle accident at Winston Churchill Blvd. and Hwy. 401 in Brampton involving an Acton driver.

Peel Police were called to investigate but while waiting for police to arrive, the driver fled in his vehicle and was followed by the off-duty Halton officer. The suspect proceeded into Halton Region where uniformed officers initiated a pursuit which lasted 7.2 kms. They conducted a "rolling block technique" to stop the fleeing vehicle.

The driver was arrested without incident with the assistance of the off-duty officer.

Charged with impaired driving, refusing a breath sample, failure to remain at the scene of an accident, causing a police pursuit and dangerous operation is Nathan Larry Behm of Acton.

trees for the Alton Integrated Resource Management Area at the juncture of Shaw's Creek and the Credit River. CVC's naturalization crew and community volunteers have planted 220 trees in Credit River Pine Estates (Erin).

CVC has also worked with private landowners to plant sites in Wellington County and sites throughout Caledon. The planting of pri-

ivate sites is based on research and recommendations made during different sub-watershed studies throughout the region to help protect the natural environment and water quality in the region.

Other planting projects by CVC, in conjunction with other funding partners will add another 4,200 trees and shrubs to the Credit River watershed by the end of the summer including several sites in Mississauga.

**Hi again,**  
Well, just a few short weeks ago we were complaining about cold miserable weather; now we are like grease spots. The old saying, be careful what you wish for. I'm not complaining, but I am not moving very fast, only from one shady spot to the next and waiting for the nice cool evenings. It seems we are never content.

I am sure I will soon be hearing from the Dart and Crib players before they are ready to start up in September. There are plans underway for the Fall Fair weekend, of which I am sure someone will inform me.

I did receive information on two members who are currently in hospital, Marj Merrikan is in

London and Hector Lambert is in Guelph. We wish them both well, along with any others we have not heard about. This is not a good time to be hospitalized.

Hope you can all find some shady place to hang out; if not it is nice and cool at the Branch and there is still Bridge and Euchre during the week.

*See you at the Branch.*

For you to plan 'way ahead, mark December 14 as the day of our Christmas Party. More details will be given later.

**What's a tuna can got to do with my lawn?**

**Help Halton Conserve Water!**

The hot weather is here and we are asking residents to conserve water in their community by using less water in their yards. Sweep your driveway instead of washing it, shut off the water while you soap up your car and turn it on again to rinse, and please follow our lawn watering tips!  
*Be water wise and help conserve this precious resource!*

**Tips to Conserve Water:**

- Water lawn once a week (less in wet weather)
- Only use 1" (2.5 cm) of water per week (use tuna can to monitor)
- Water lawn early in the morning, between 6 and 10 a.m.
