### Bicycle Theft

Bicycling can be great fun and is an efficient means of transportation here in Acton.

Unfortunately, every year your Halton Regional Police Service receives numerous calls about the theft of bicycles. A little research reveals that the majority of the stolen bicycles had not been locked or stored securely. To further compound the problem, many people have no idea of the make, model and serial number of their bicycle. Oftentimes a stolen bicycle is left abandoned in another part of town and eventually it ends up in the police departments Found Property room.

Please take a few minutes, right now to write down the make, model, colour and serial number for your bicycle. Better yet, have someone take a photograph of you and your bike, then write the information on the back of the photograph. Identification is an important first step to assist your police department in returning your bicycle, if it's ever lost or stolen. Purchase a quality lock for your bicycle and make it a habit to use the lock. Bicycle theft is usually a "spur-of-the-moment" type of crime. Do not provide a thief with easy pickings, lock your bicycle.
