As the week begins, your life is all about teamwork and friendship, Taurus. Do something to reward yourself for all of your hard work. Invite the closest of friends.

An upbeat attitude helps wash away some of the doom and gloom you've been feeling, Virgo. What seems to be bad luck could actually be the beginning of something exciting.

LIBRA - Sept 23/Oct 23
A promise must be scaled back even as you try to solve it, Libra. Someone close to you finds themselves in a tricky situation. While you don't want to meddle, you get involved anyway.

The creative arts are your strong suit, Capricorn, and you choose recognition over monetary compensation every time. However, you must accept responsibility for your future soon.
