

Fall Registration Guide 2003

Recreation & parks has new program

Halton Hills Recreation & Parks has planned some new programs and improved our tried and trues to grab residents' interest and get people moving!

Aquatic leadership participants will get an extra kick this fall with our improved Lifesaving Society Bronze Star, Bronze Medallion and Bronze Cross programs. They provide a better transition of skills as swimmers progress through the levels.

Early Bird Lane Swims kick

start on Thursday mornings at the Georgetown Indoor Pool from 6:30 to 7:30 am starting September 25.

In the commitment to getting children back to active living, Recreation & Parks is offering a Youth Cardio Fitness program set to some vibin' music! They are also offering sport programs including the new **Beginner Hoops** for basketball enthusiasts.

Not to forget the importance of keeping the mind active, they're planning creative, exploratory programs for budding scientists such as **Mad Science, Haltonaurus** and **Technomania Hovercraft**.

Those 13 to 16-year-olds looking for something to do on a Friday night need look no more! Friday Night Escapes are organized trips to entertaining sites such as **Laserquest**, an indoor climbing gym, Playdium and even a Much Music tour!

Children need to be active but they also need to be safety aware while they're doing it, says Nancy Dunbar, Recreation & Parks. Protecting your Children and Red Cross People Saver programs will teach about safety and health emergency readiness.

Whether parents love a revved up workout or one including inner peace, we have a fitness program for them from an array of water exercises, step and cardio classes, yoga and tai chi.

By now Halton Hills residents should have received the Town of Halton Hills Fall and Winter Community Activity and Service Guide to check out all the details. If you did not receive this issue, guides can be

picked up at Town facilities such as the Civic Centre, pools, arenas, and libraries or in out-lying areas at general stores and

post offices.

Call the program information hotline at 905-873-2601, ext. 2275 and get a move on!
