## Survey Milton rural residents on garbage collection services

A survey of rural residents in Milton not currently receiving waste collection services from Halton Region will be conducted to determine if they would like to receive roadside garbage collection. They will be receiving the surveys via the mail the week of Nov. 10.

Residents are encouraged to respond to the postage paid survey, as the results will be used by Milton Council to determine if once a week garbage collection services are to be provided to all rural households.

Rural residents would pay for this service based on their property value assessment and at the same tax rate, that urban residents pay for garbage collection service.

On August 13, Halton Regional Council approved a motion to close and remove all Rural Recycling Depots in Campbellville (located at Guelph Line and Campbellville Road behind the Fire Hall) and

Brookville (behind the Nassageyweya Community Centre) and to implement roadside blue box collection for all rural residents.

"The Rural Recycling Depots were becoming costly to maintain and there were various challenges such as illegal dumping that were increasingly difficult to control," said Patrick Murphy, Commissioner of Planning & Public Works. An open house will be held

on Wednesday, Nov. 19 at Nassagaweya Community Centre, Brookville, from 4:30 to 9 p.m. to provide residents an opportunity to speak with Regional and Town staff.

If Milton Council decides to implement roadside garbage collection in the rural areas, the service would occur once a week. The results of the survey are scheduled to be presented to the Milton Council in December 2003.
