- Team selections will be made after the tryouts by Sept. 30, 2004. If selected, you will be required to provide a third cheque for the following amount upon signature of the OMHA player's card: players born Jan 1, 1994 or later ~ \*\$550, players born on or before Dec 31, 1993 ~ \*\$600. If a player is not selected, the \$300 deposit will be returned by Sept. 21, 2004.
- Registration includes regular season gate fees, one pair of home socks and one pair of away socks for each player.
- Cheques, money orders or credit card info for registration fees must be provided as specified above: **cash payments will not be accepted.**
- In order to be considered registered, all the information requested on the registration form must be provided in full; medical comments, such as allergies, etc, could be useful to the training staff in an emergency situation.
- Players who wish to try out for AMHA Rep Hockey teams must be registered before they can be allowed onto the ice for tryouts in April. Players who are not registered either due to incomplete information or non payment of fees will not be allowed on the ice until such time as they have completed the registration process.

\*The amount of the final instalment may be altered. The Tri-County League is contemplating removing the collection of Play Off Gate Fees. If Gate Fees are eliminated then the loss in Gate Fee revenue must be added on to the Registration Fee (approximately \$50). A reduction in Registration Fees of up to \$50 may also occur depending upon the success of summer Fund Raising efforts. The higher AMHA 2004 - 2005 Registration Fees are due to the significantly lower than budgeted revenues from Fund Raising events for the past two years. This year, Registration Fees will cover the majority of operational expenses.

# Didn't vote for councillors to take away vets' rights

To the Editor,

When I voted in our local elections I did not - repeat NOT vote for the local government to take away the rights of the veterans to smoke in the Legion.

I am not a smoker - as a matter of fact I suppose I am anti-smoking - in as much as I don't like the smell. So I suppose most would assume I would applaud the anti-smoking bylaws.

Nothing could be farther from the truth. It comes down to freedom - are we, or are we not, a free society. Of course not.

Pretty well everything we do - over 90 per cent anyway - is controlled by government. How did government get the FREEDOM to pass laws? Through veterans risking their lives.

Their lives, damnit. And some local so called government thinks they have

## Letters

the right to take away the rights of veterans - but all of us have lost. We have lost the right to make our own decisions that matter to each individual.

As a matter of interest how many smoking police do we have? How much does this cost? Do they have to get a warrant to go into - say the Legion?

The anti-smokers think

everyone is the same. My father was a smoker - he died at just under 90. My relatives lived to a good age - many were smokers. But now it seems everyone will die very quickly from smoke. Does anyone think that is true? As I said before I do not like smoking - so what? Does that give me the right to stop everyone else? I don't think so.

No wonder people don't vote. Why bother?

## 'Lock your car,' warns Acton woman

One Acton resident has a special reason for warning drivers to lock their vehicles.

Dorothy Rognvaldson told The New Tanner she parked her car on a Church St. parking lot last week while attending a TOPS session. She locked her car but had to return for something and forgot to lock it the second time.

When Dorothy returned to the car it had been rifled and her cell phone was missing.

She was able to cancel her air time but was anxious to warn drivers to lock their cars even if they are only away from them for a short time.
