Tom and Lois Walker

Continued from page 8

Tom and Lois sold their home on Highway 7 and purchased a farm on Highway 25. The house is over 100 years old and was originally a log cabin. When they decided to enlarge it Tom dug the foundation himself, and the attractive fireplace was built from stones they found on the property.

Daughter Cindy and her husband Dave purchased the farm from them. Tom and Lois have an apartment in the house, and Tom likes to help occasionally with the horses. Cindy breeds and shows quarter horses.

Lois and Tom often can be found at the Acton Centre. Lois is on the Friday Lunch committee and Tom helps set up. He also helps with the Bingo assisting whenever they need him. They are both on the social committee which plans,

works at, and organizes the monthly special evenings which usually consist of a themed meal and appropriate entertainment. They also sit on the public relations committee. Lois says she "just loves it."

Although they purchased a

trailer in Port Elgin, they still plan on assisting every Friday with lunches and are always available when help is needed.

They are both busy people who still find time to help make other people's days more enjoyable and fun.
